

***PUNTOS
BIOMAGNÉTICOS***

Abdomen

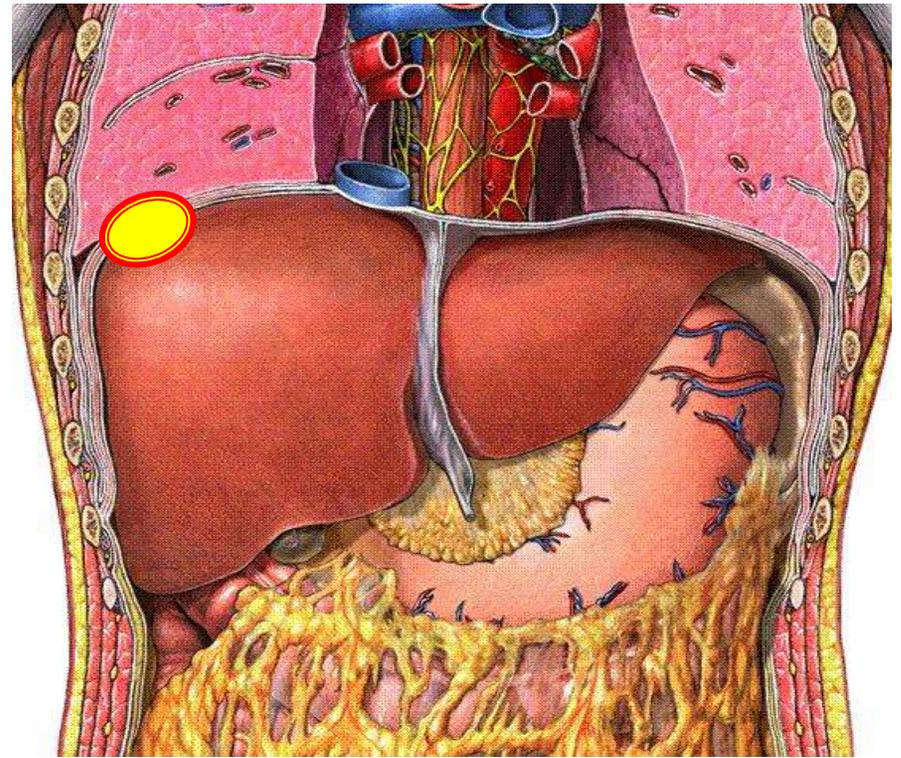

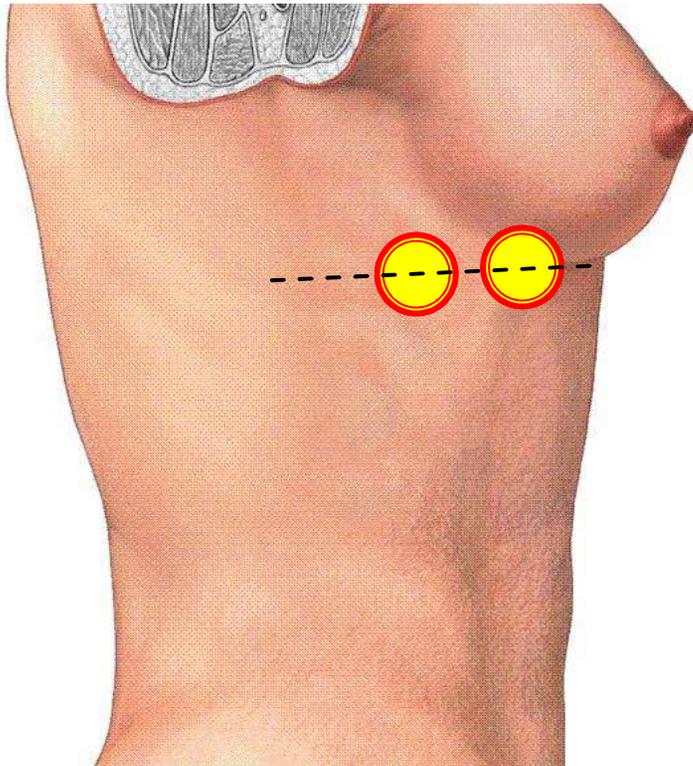

Dr. César Rivadeneira

Supra-Hepático (1)

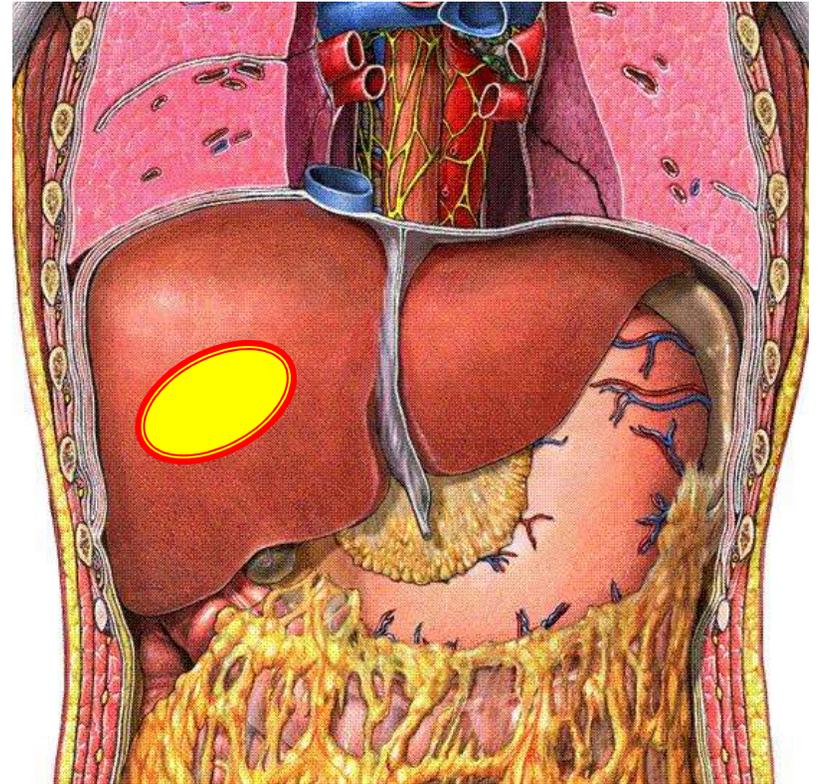

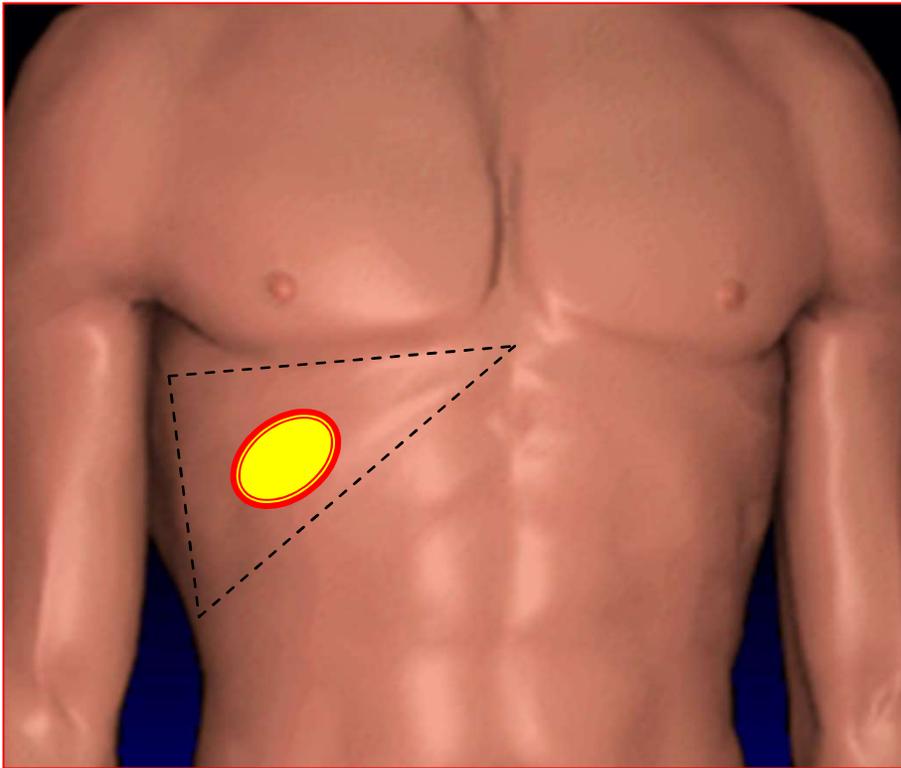

En el 5to espacio intercostal, unión del diafragma con el hígado.

Supra-Hepático (2)

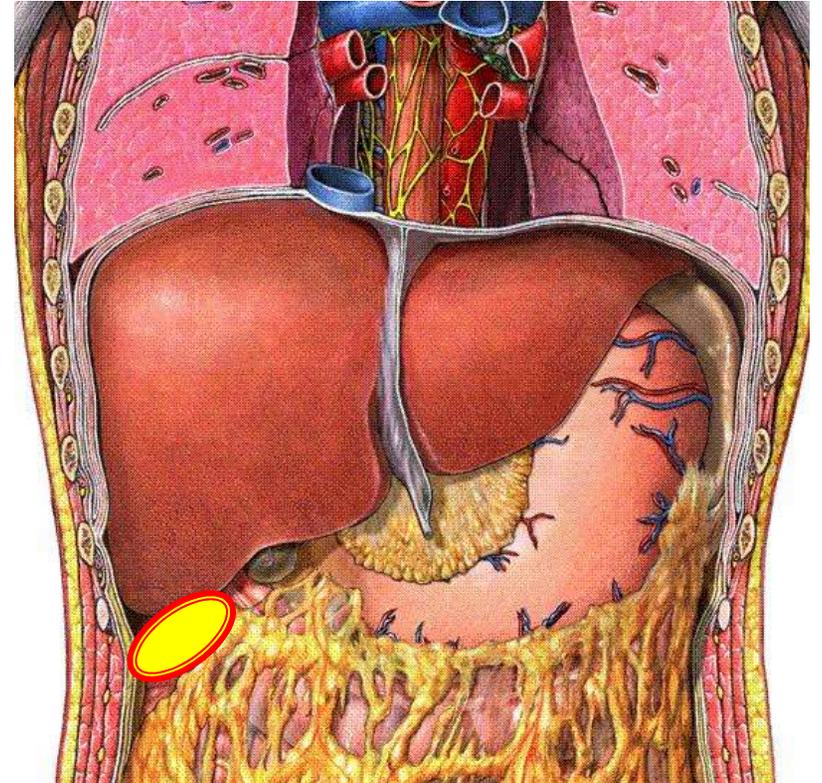

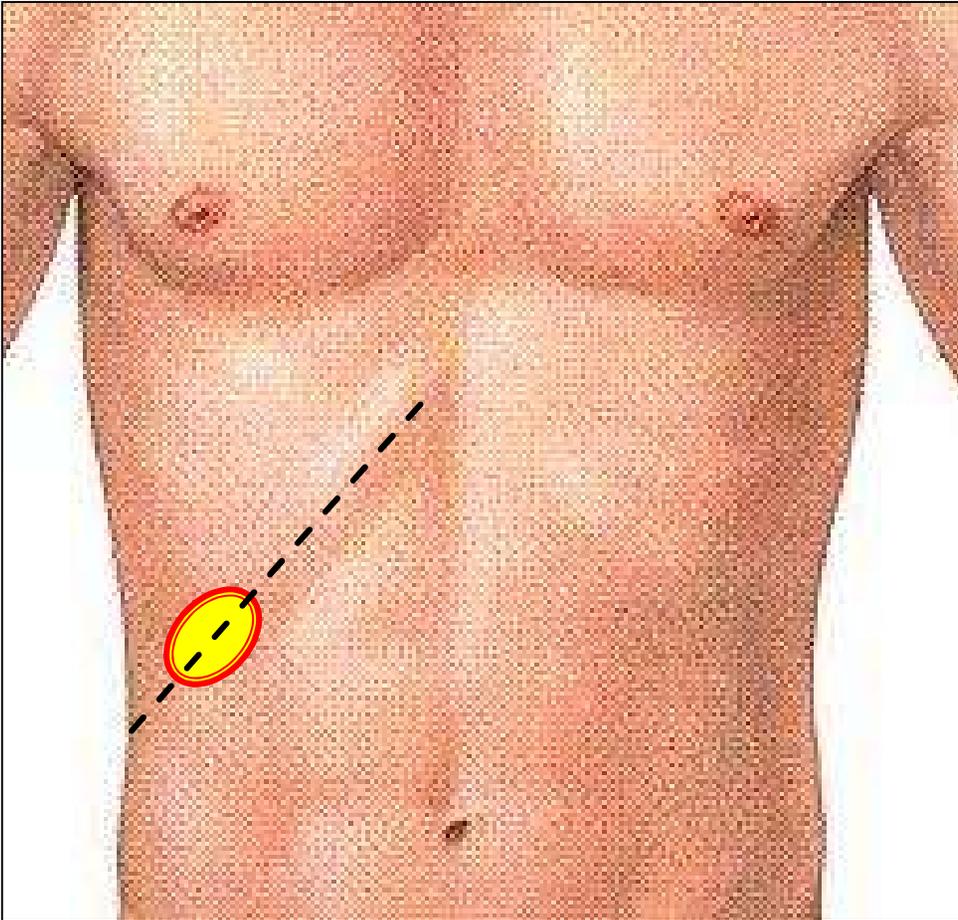

Hígado (1)

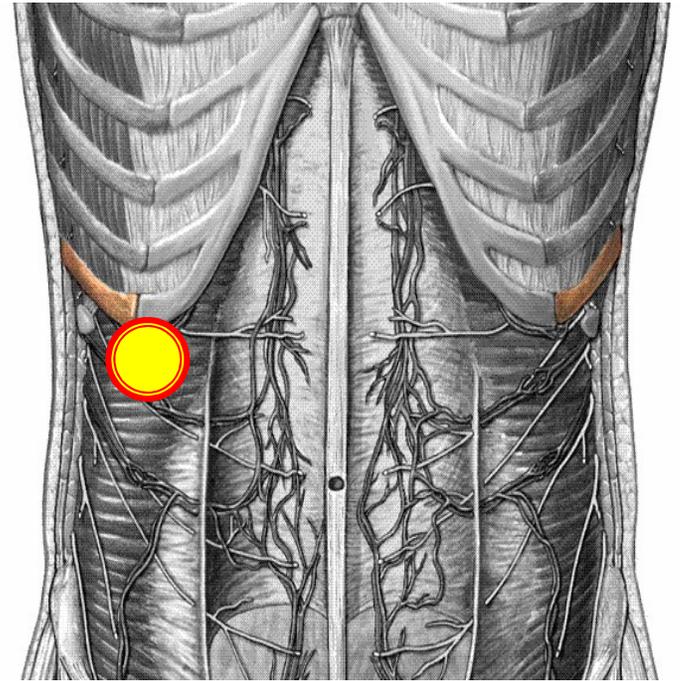

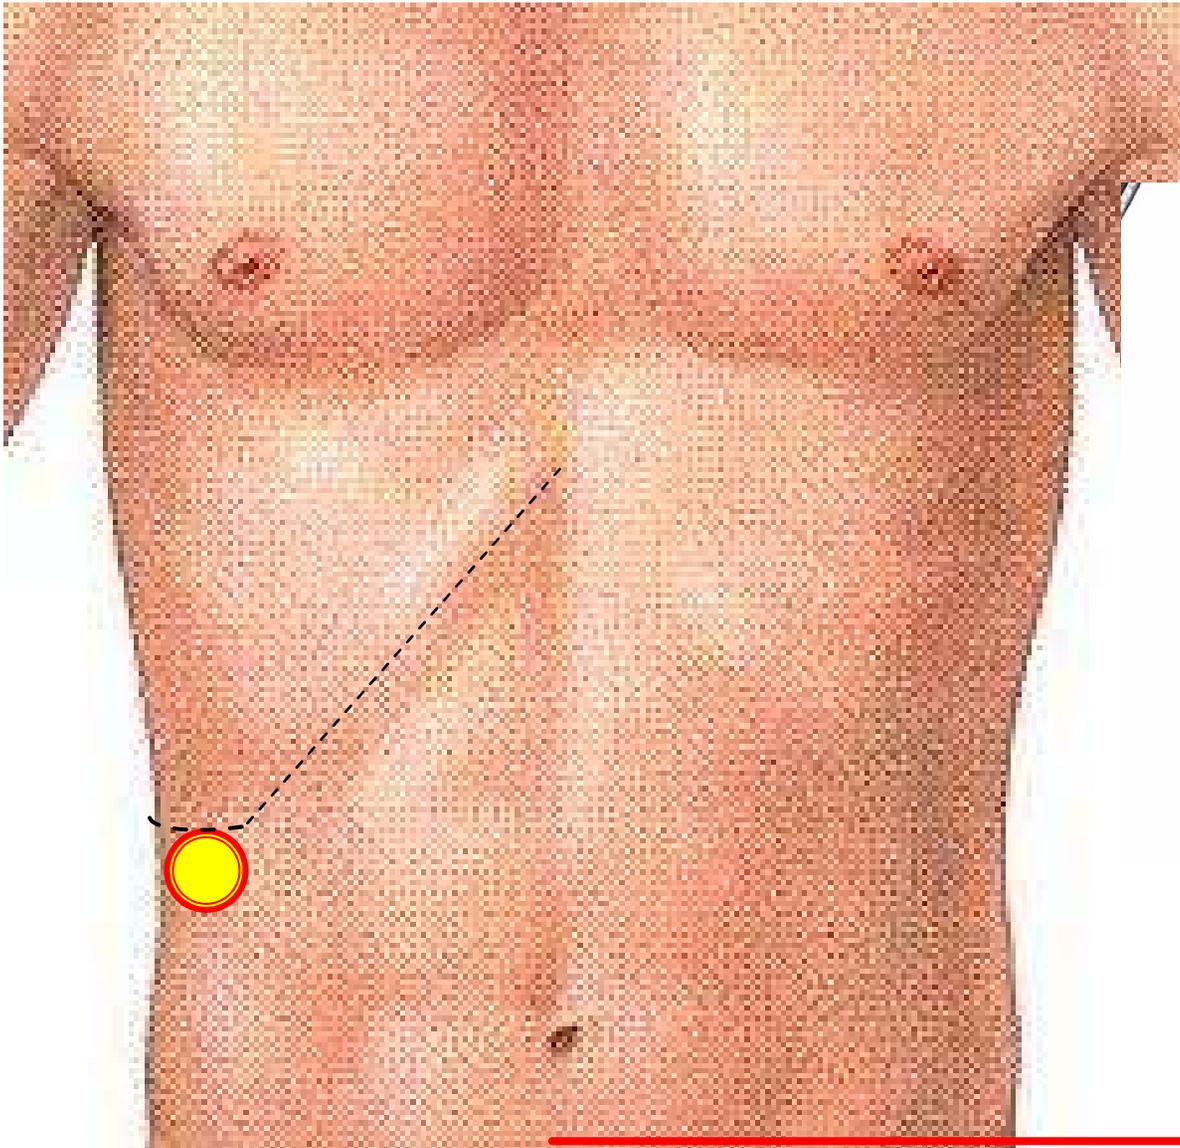

Todo el hígado.

— Peri-Hepático (1)

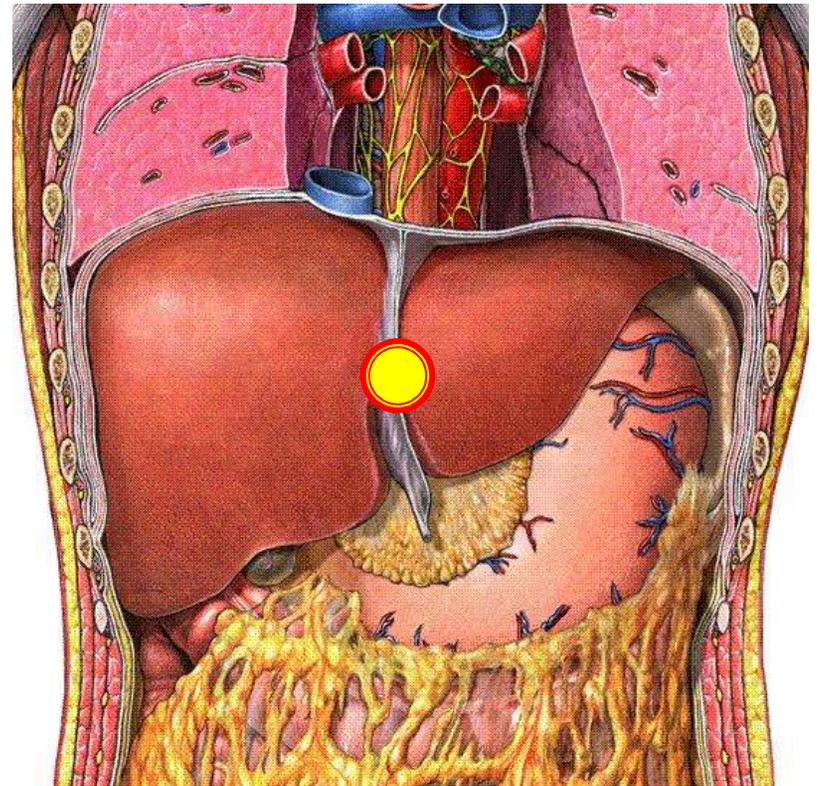

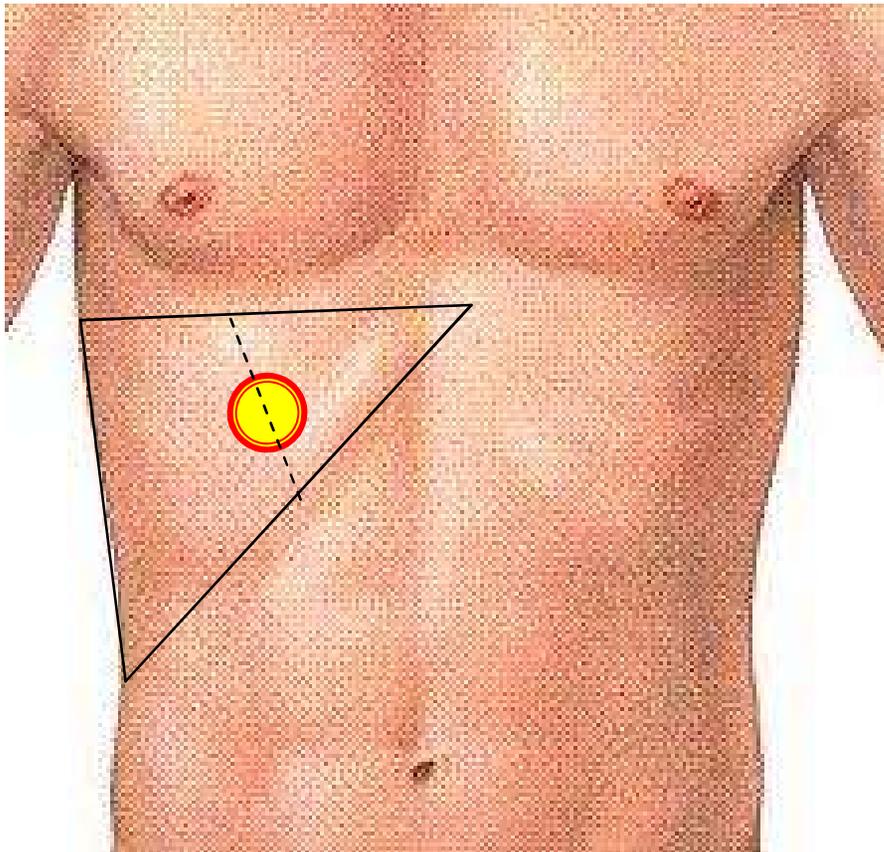

En el borde inferior
hepático

Costo-Hepático (1)

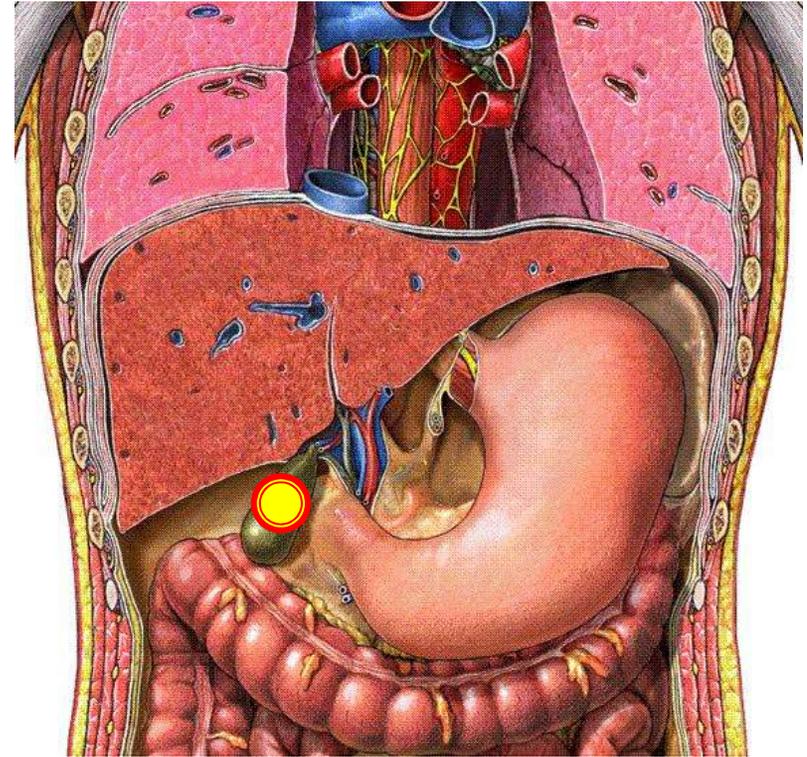

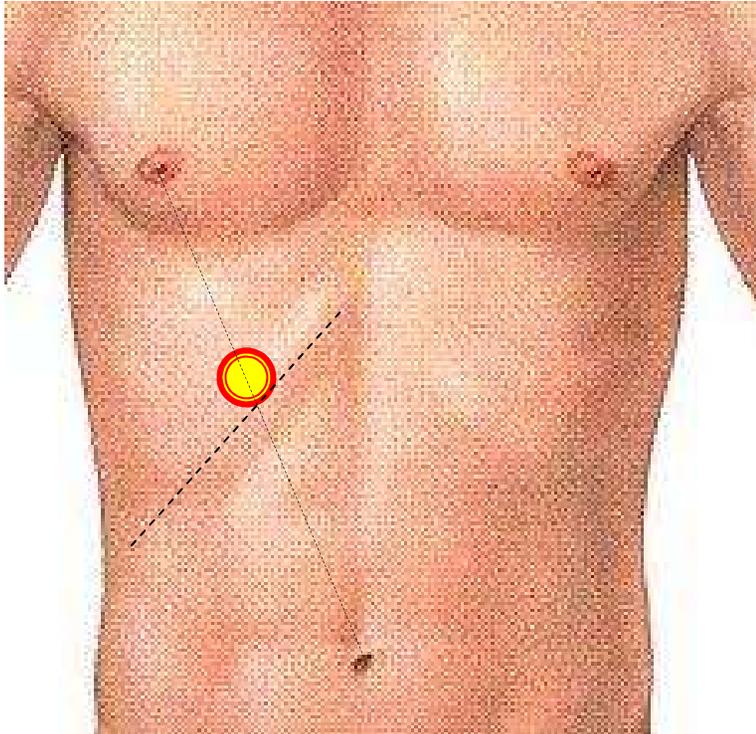

En el borde inferior
arco costal hepático

Ligamento-Hepático (1)

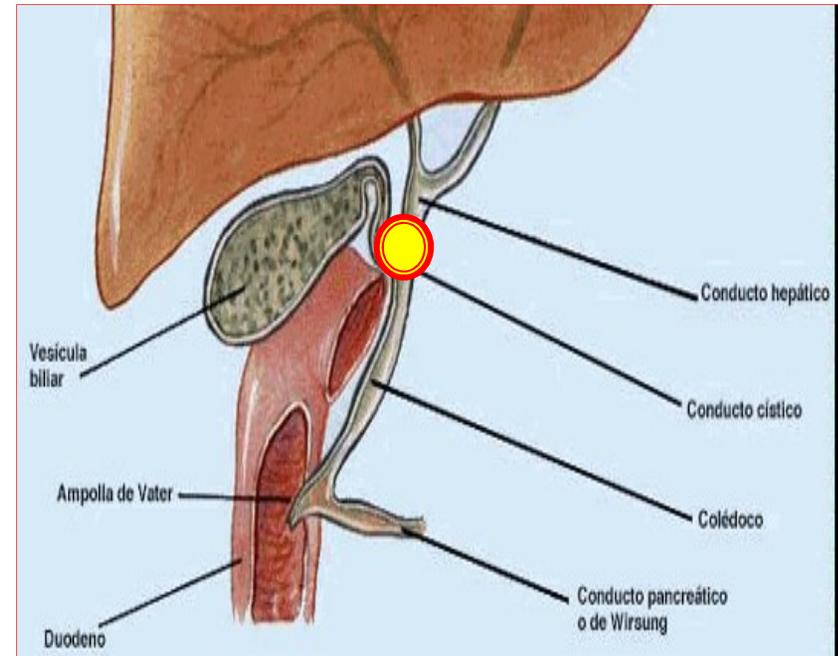

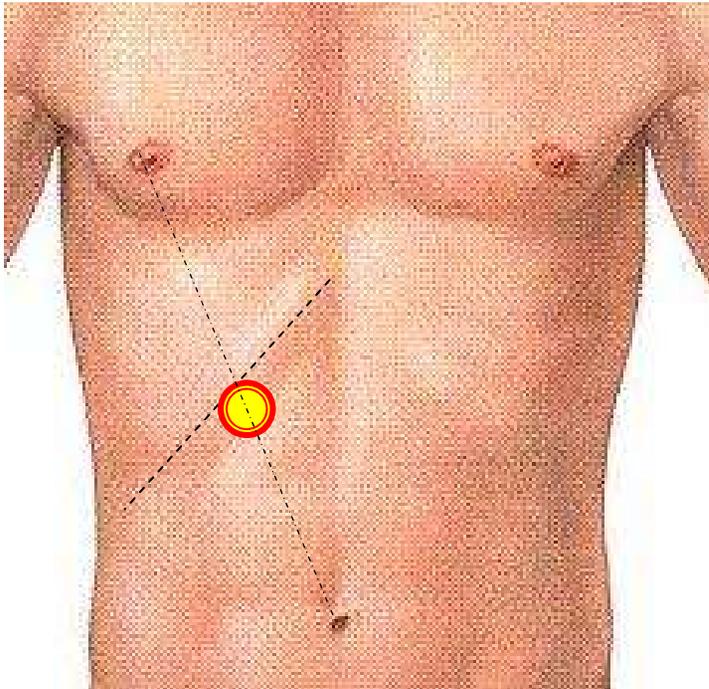

En el borde inferior del pectoral, en la línea de la tetilla, medio hígado.

Vesícula (1)

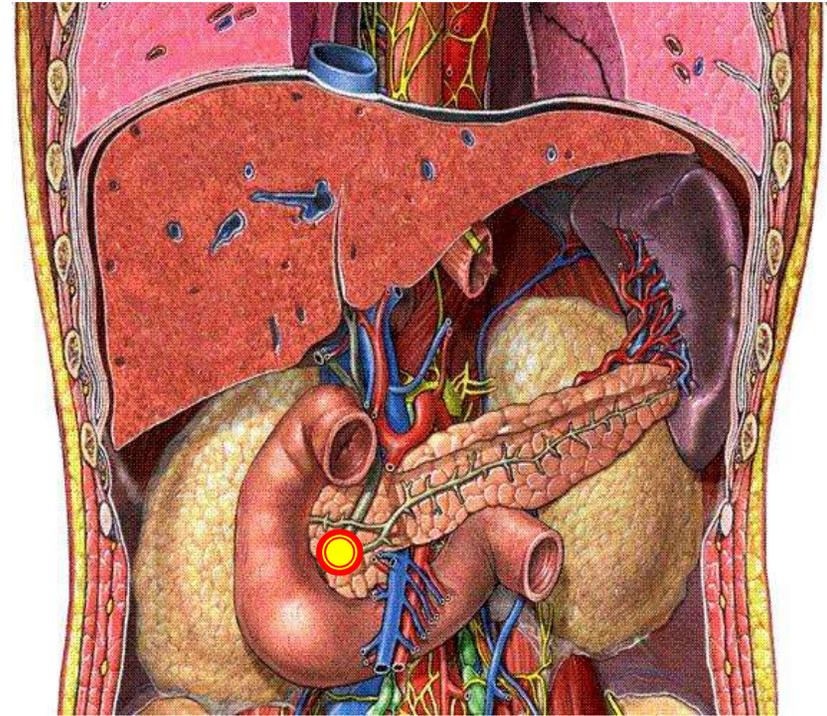

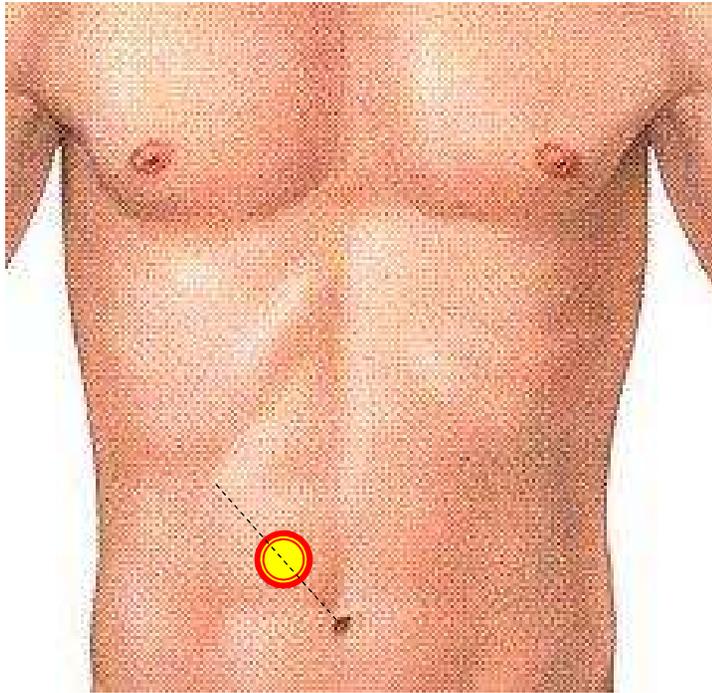

Sobre el reborde
costal

Conducto vesícula (1)

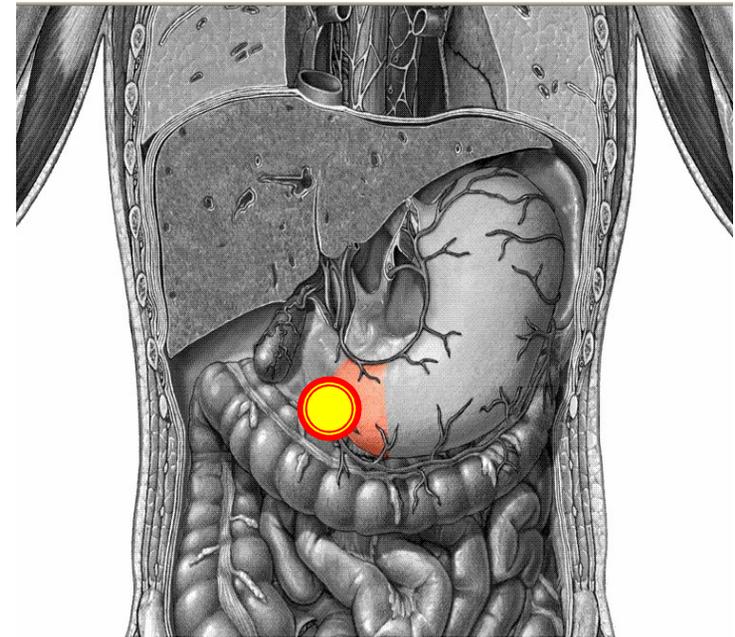

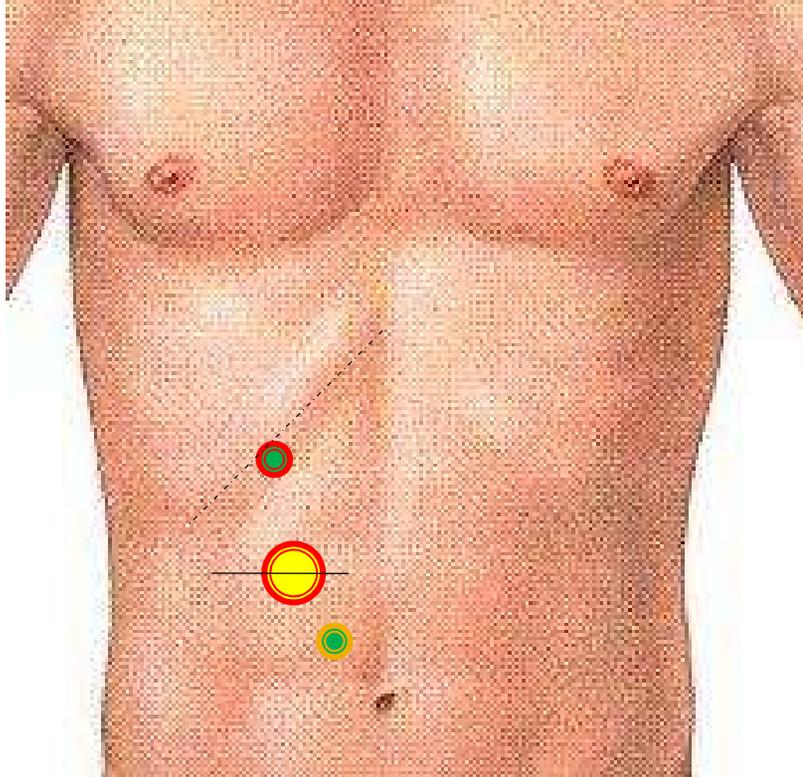

Bajo el reborde
costal

Conducto Pancreático (1)

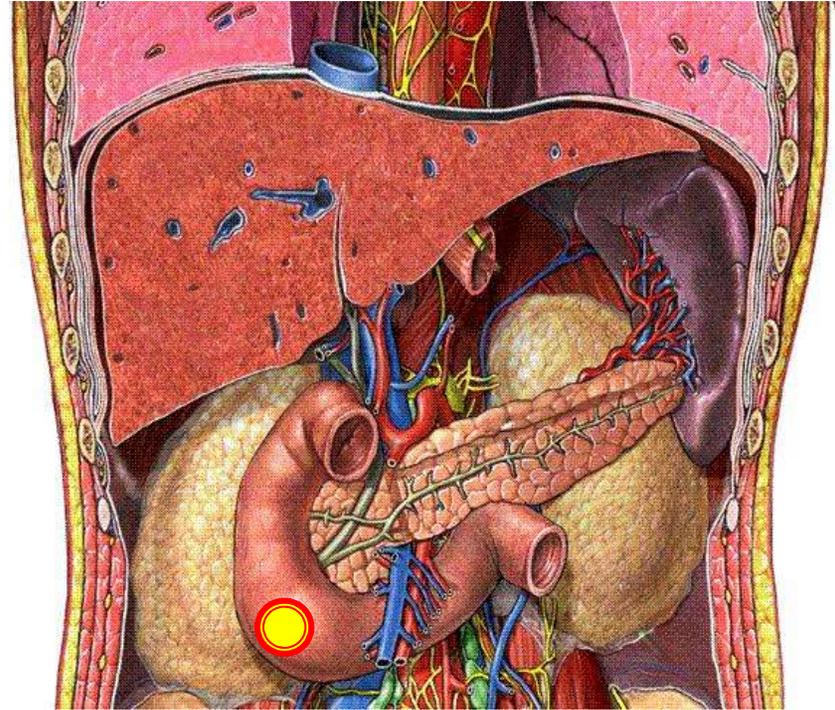

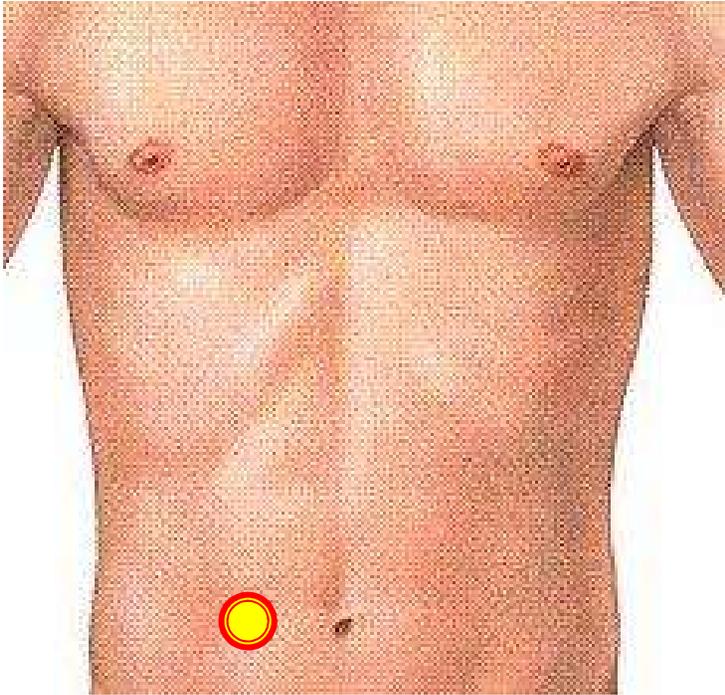

2-3 cm en oblicuo superior
derecho del ombligo.

Píloro (1)

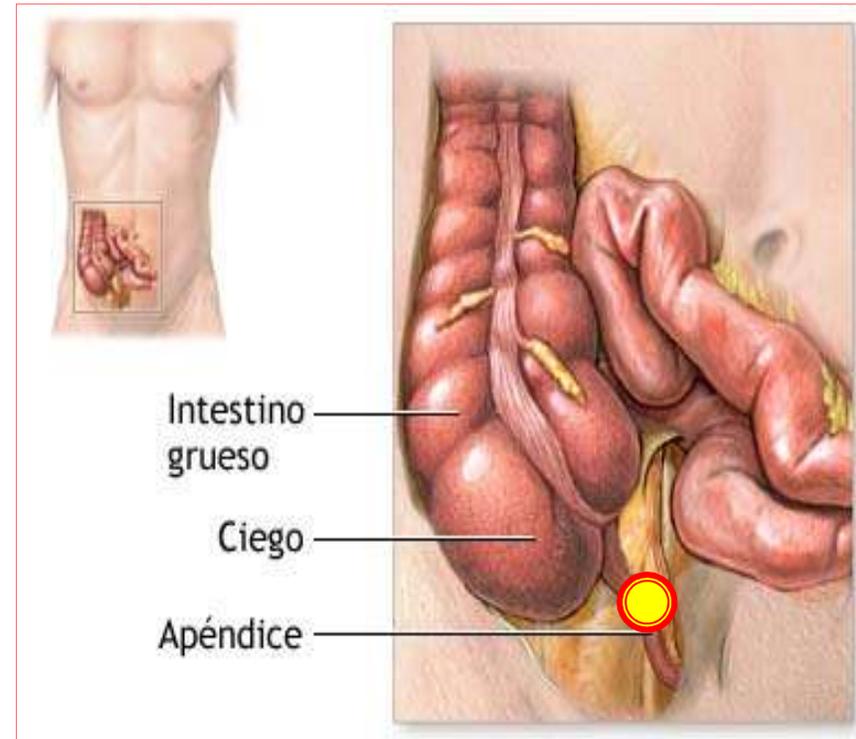

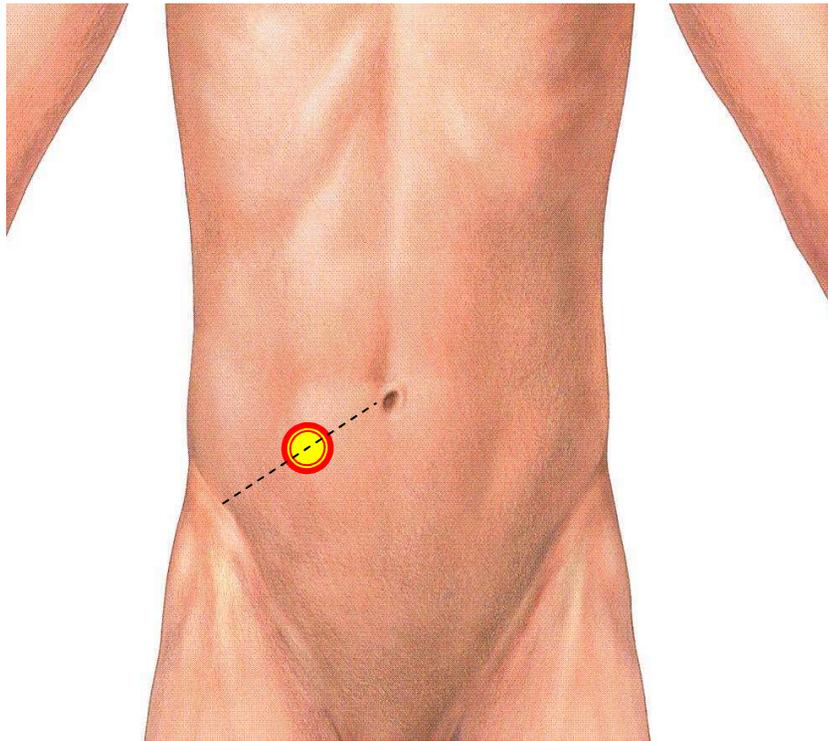

Entre conducto hepático y
conducto de páncreas

Duodeno (1)

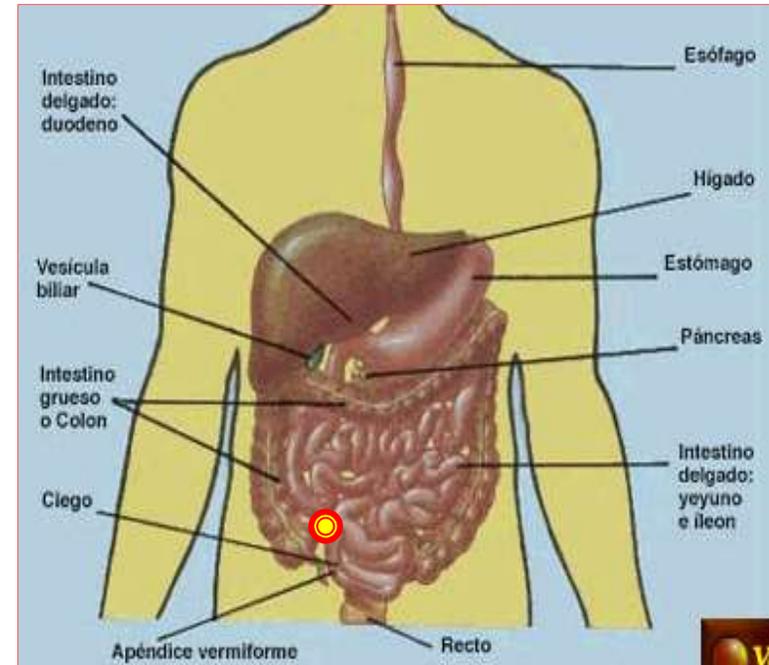

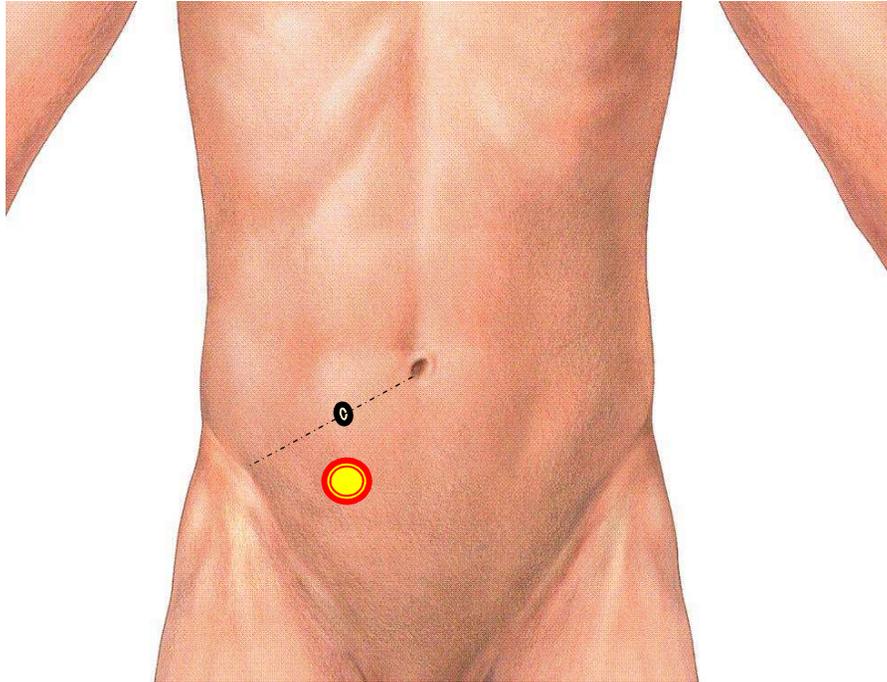

Del ombligo a la derecha

Apéndice (1)

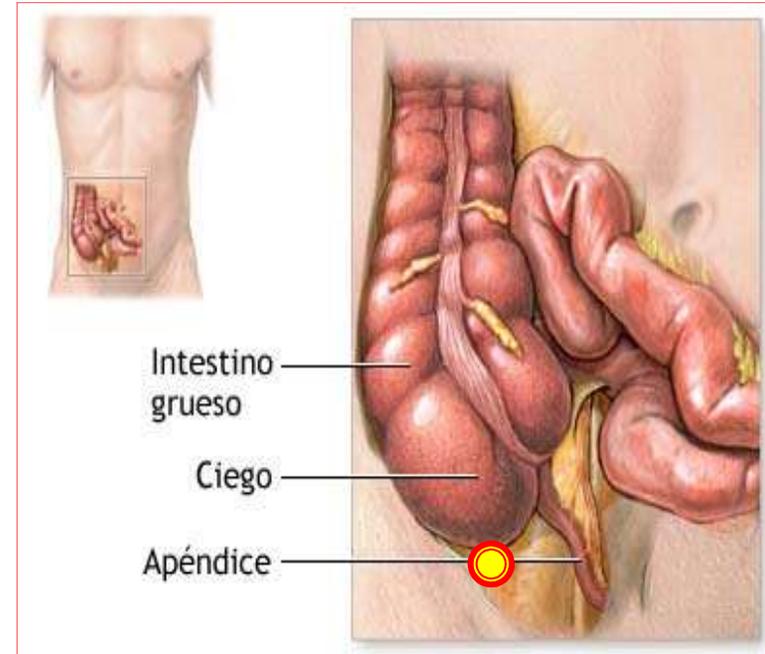

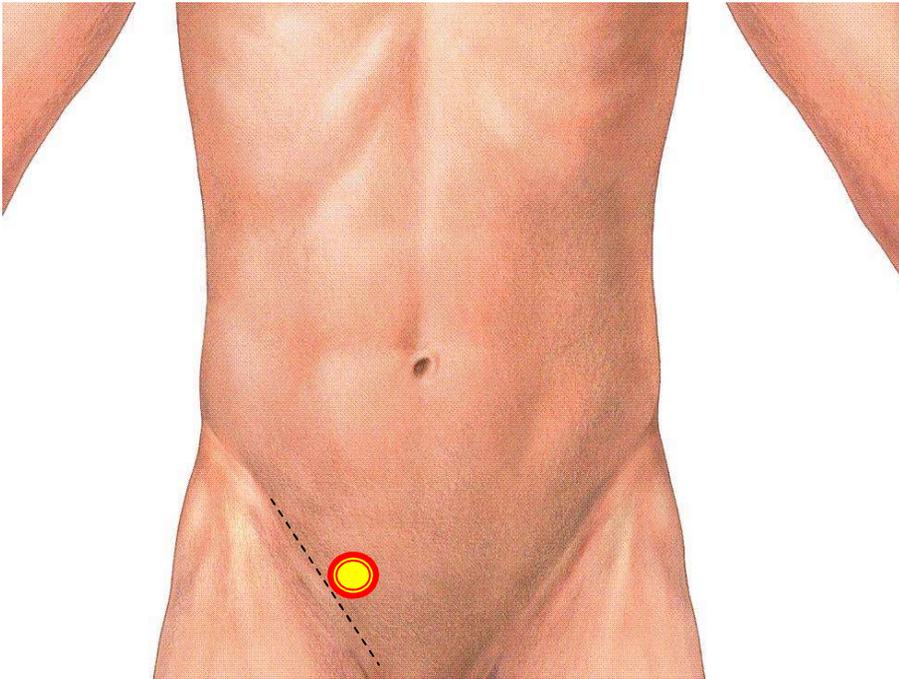

En el punto de Mak-Burney
Mitad entre espina ilíaca anterior y ombligo

Válvula Íleo-Cecal (1)

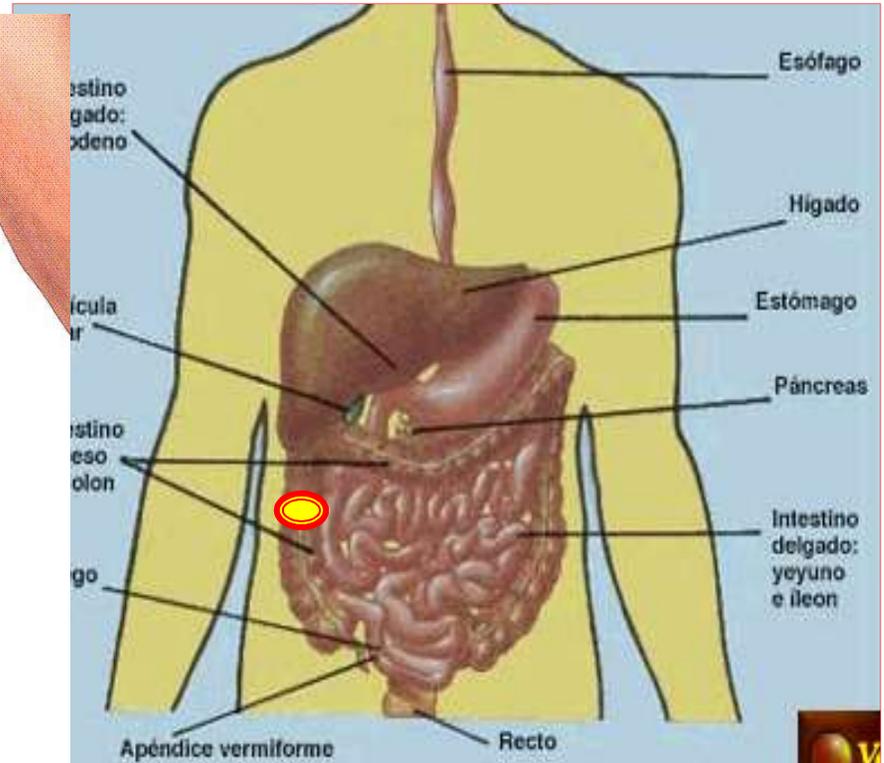

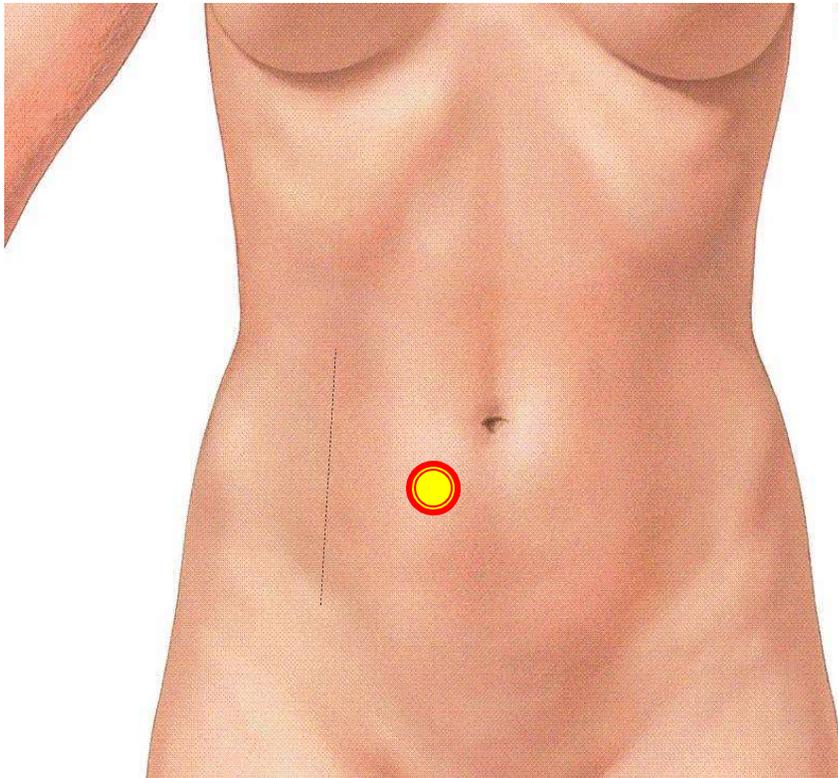

Un poco más abajo en
vertical de apéndice

Ciego (1)

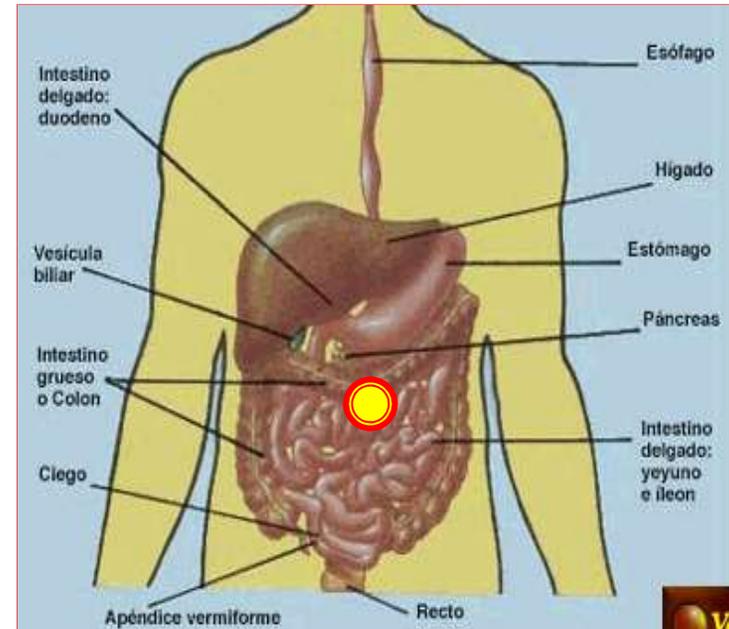

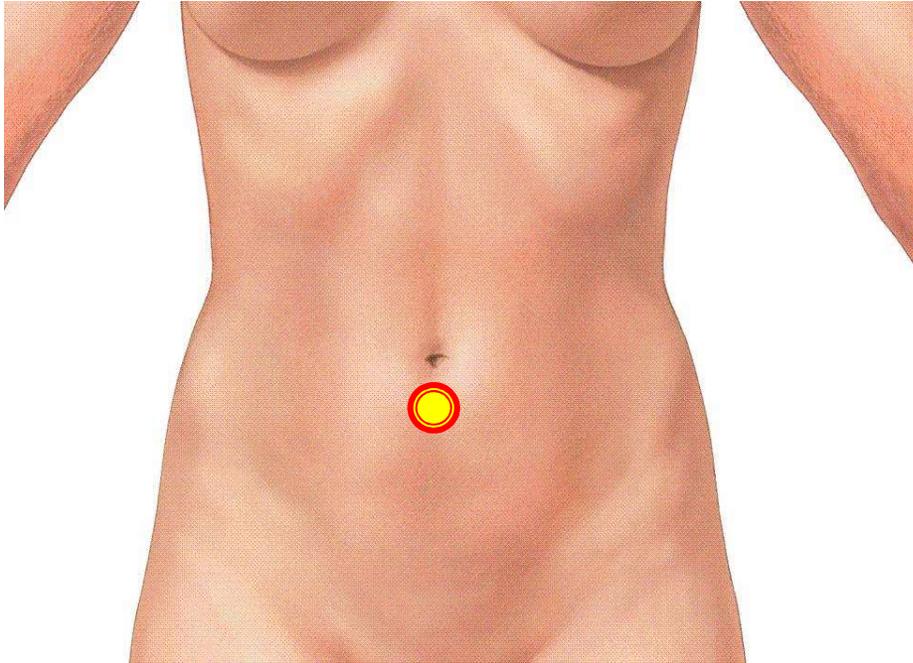

Sobre la ingle
derecha

Colon Ascendente (1)

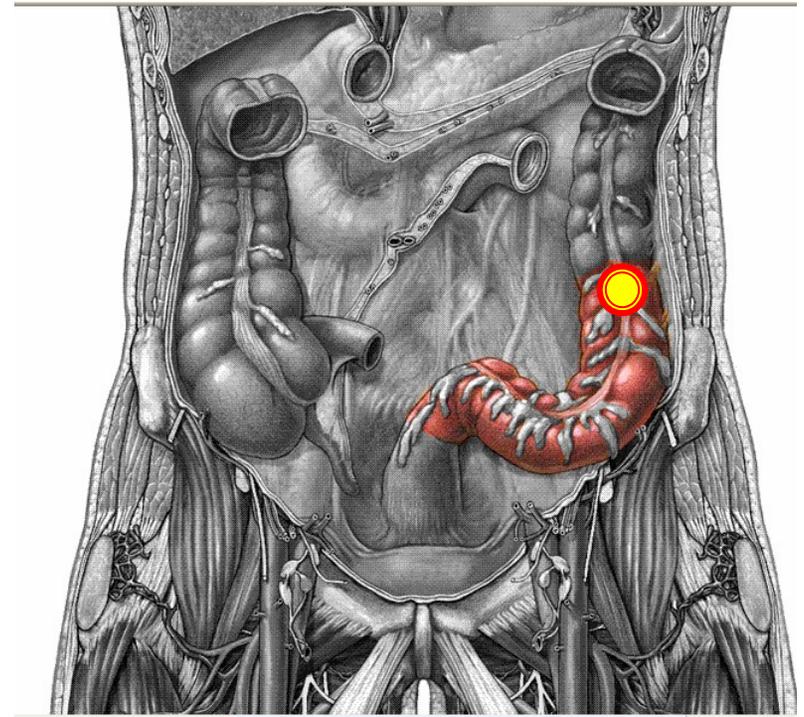

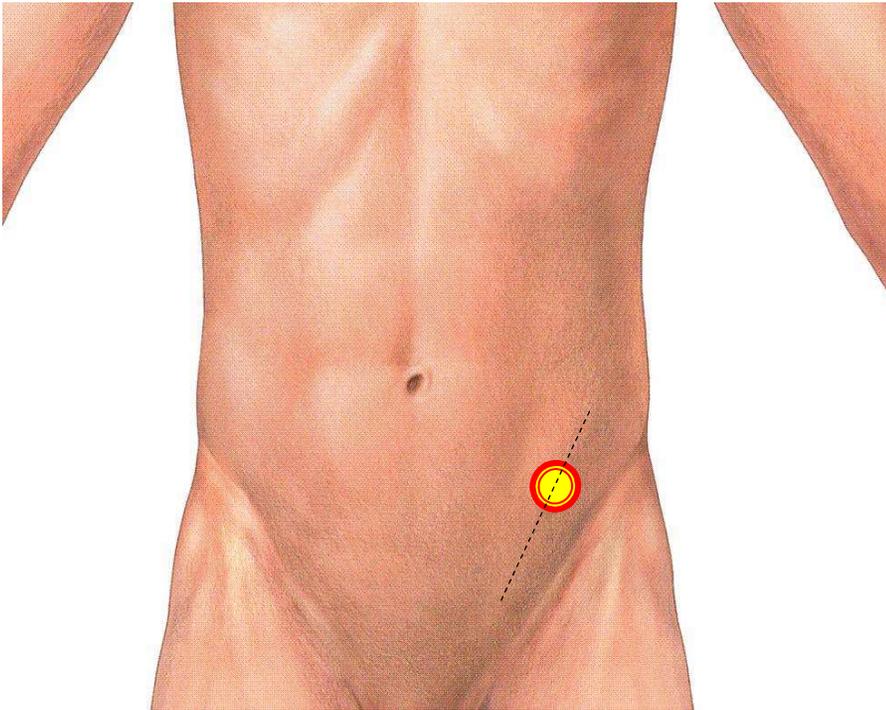

A 3-4 cm de la línea media oblicua inferior derecha del ombligo

Colon Transverso (1)

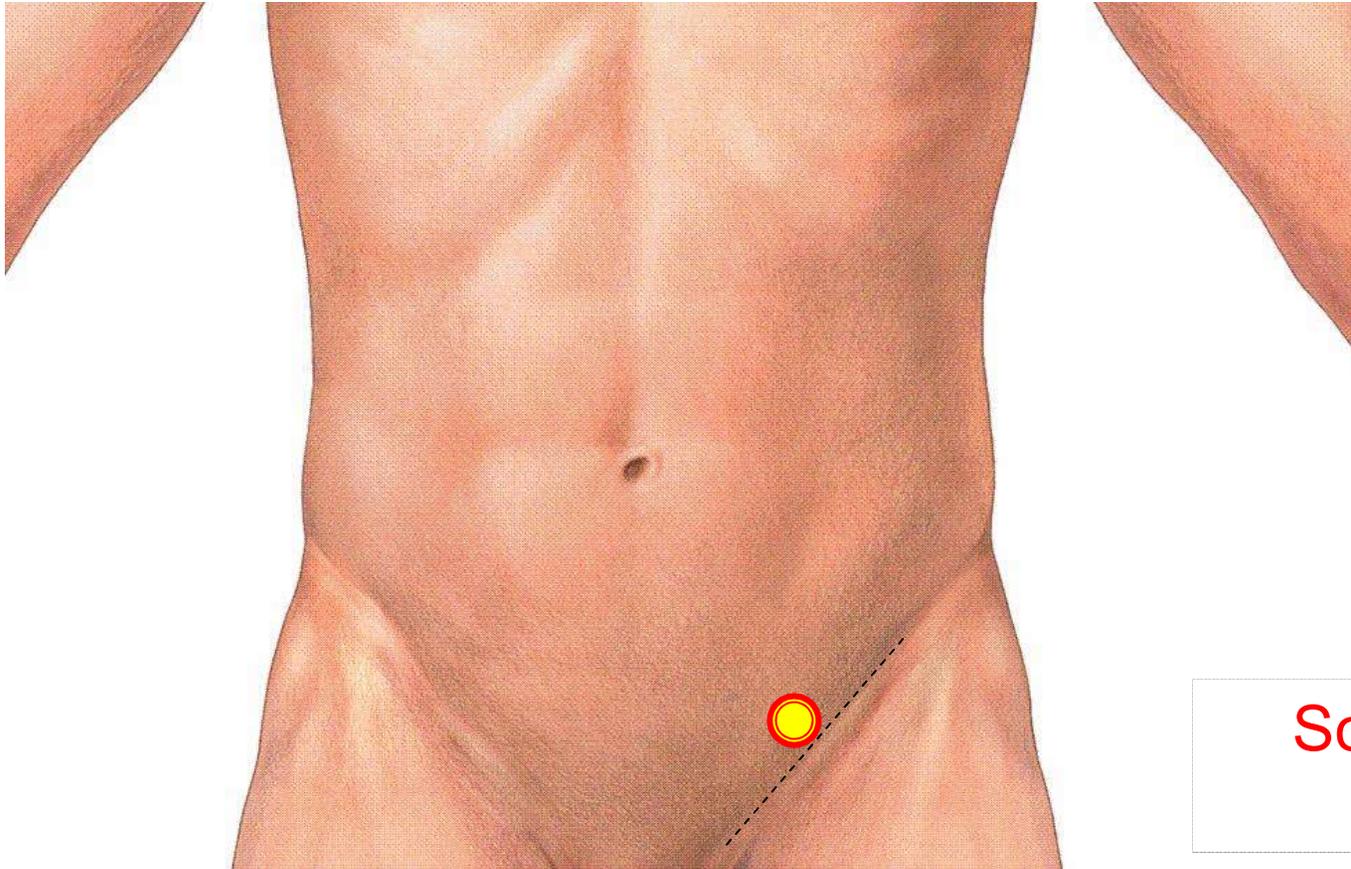

Bajo el ombligo

Colon Descendente (1)

En el lugar del colon
descendente, lado izquierdo

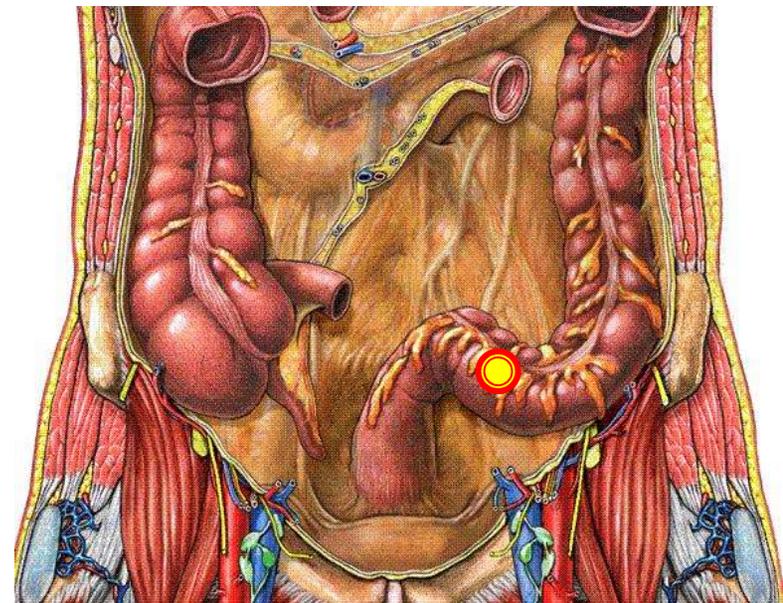

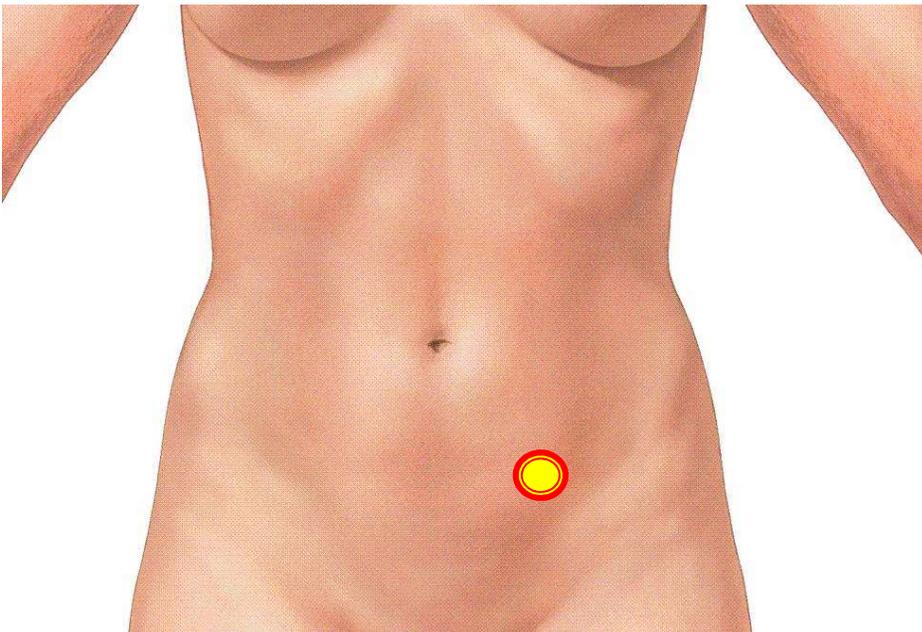

Contra Ciego (1)

Sobre la ingle
izquierda

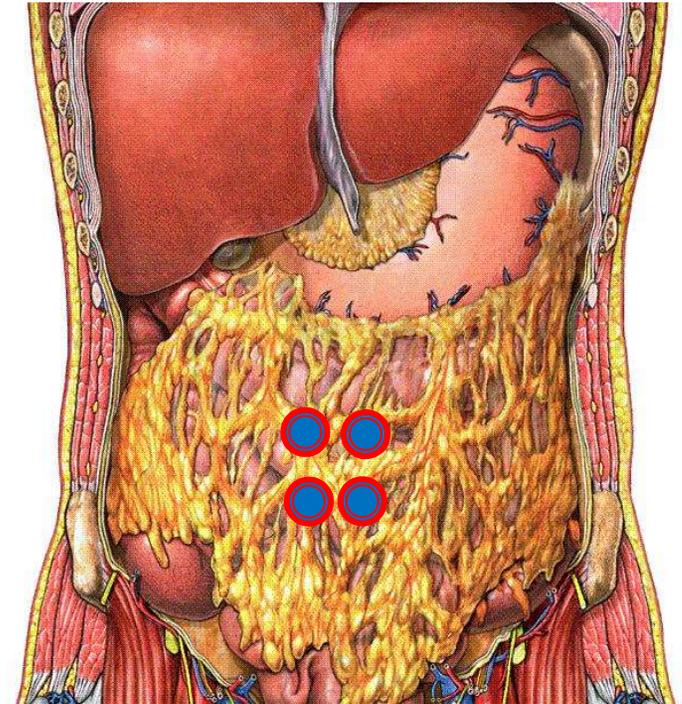

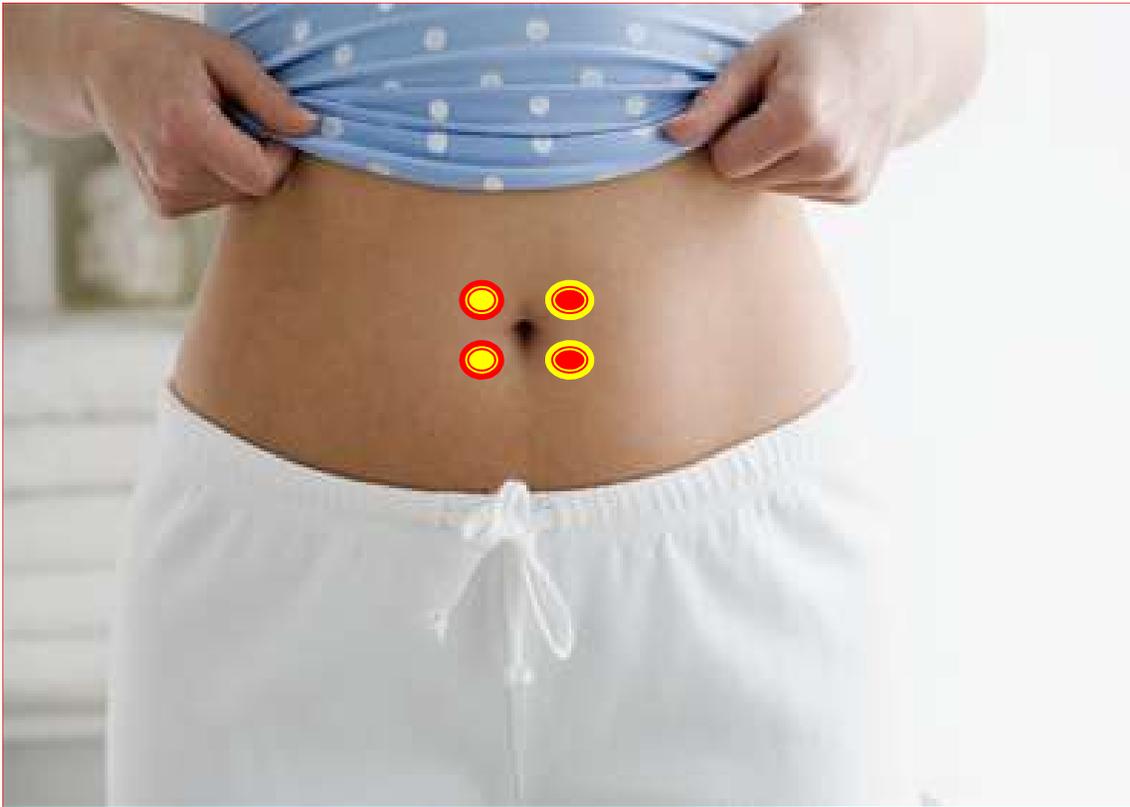

Colon Sigmoideo (1)

(Sigma)

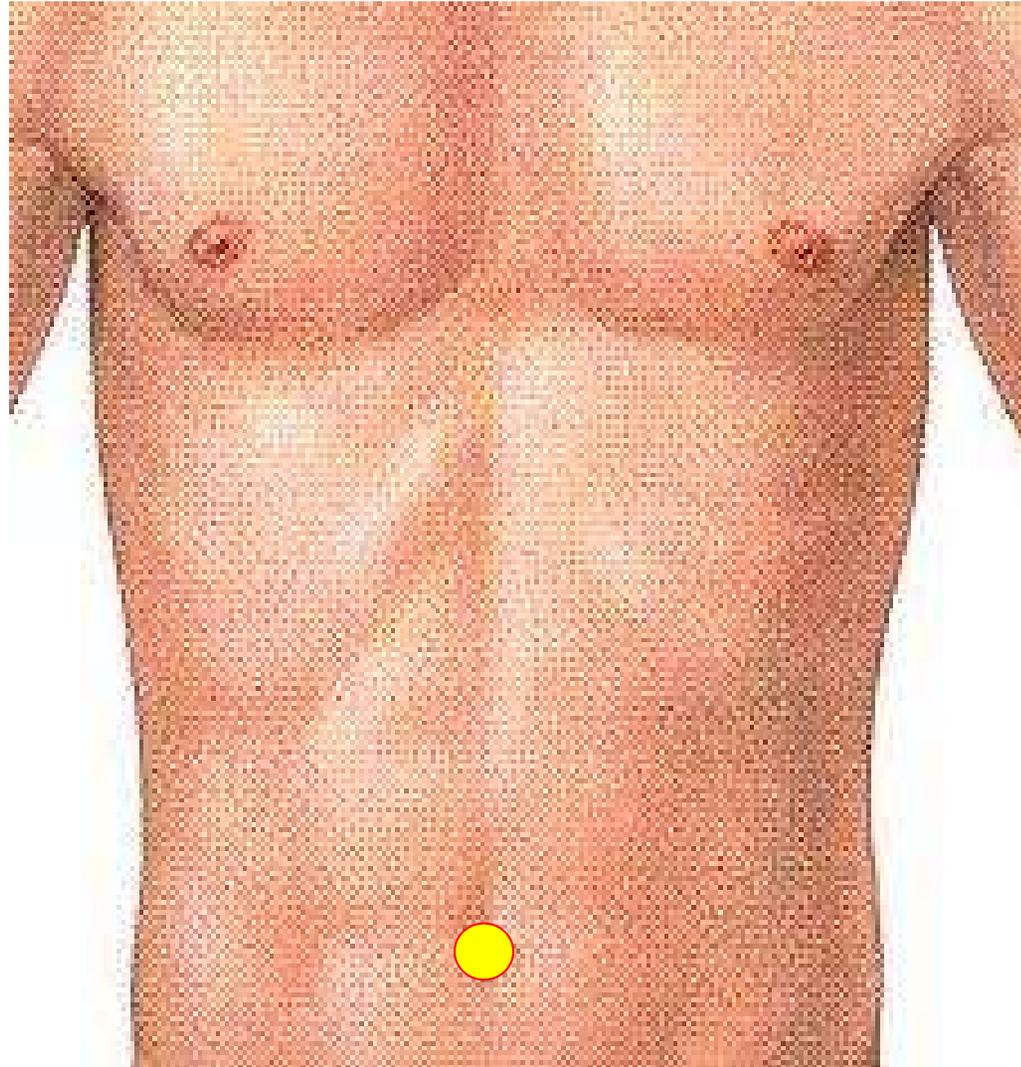

Por arriba y adentro del
punto Contra-Ciego

— Epiplón (2) mismo lado

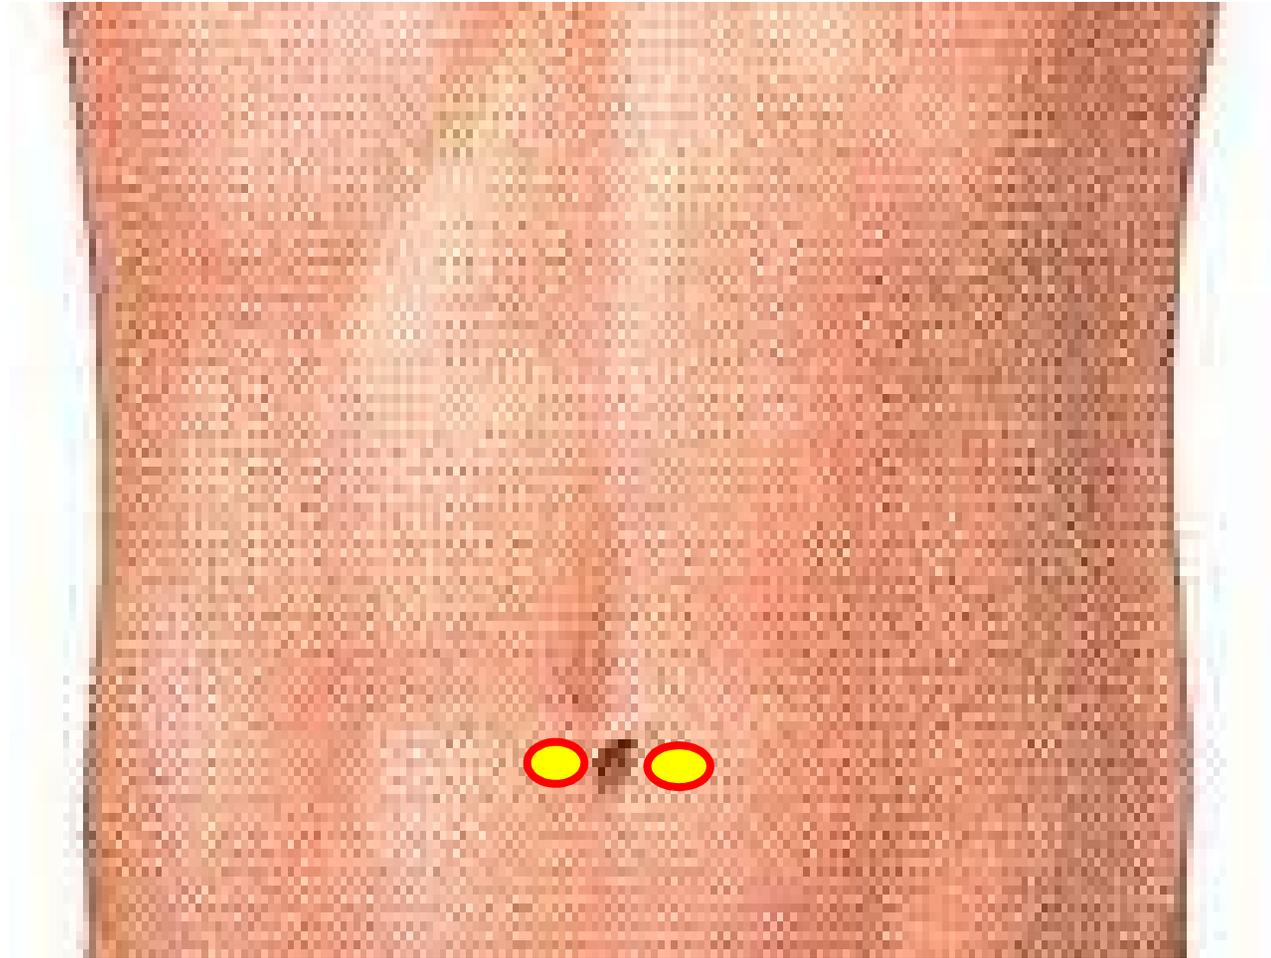

Oblicuo al ombligo,
a los lados, a 2 cm.
Superior e inferior

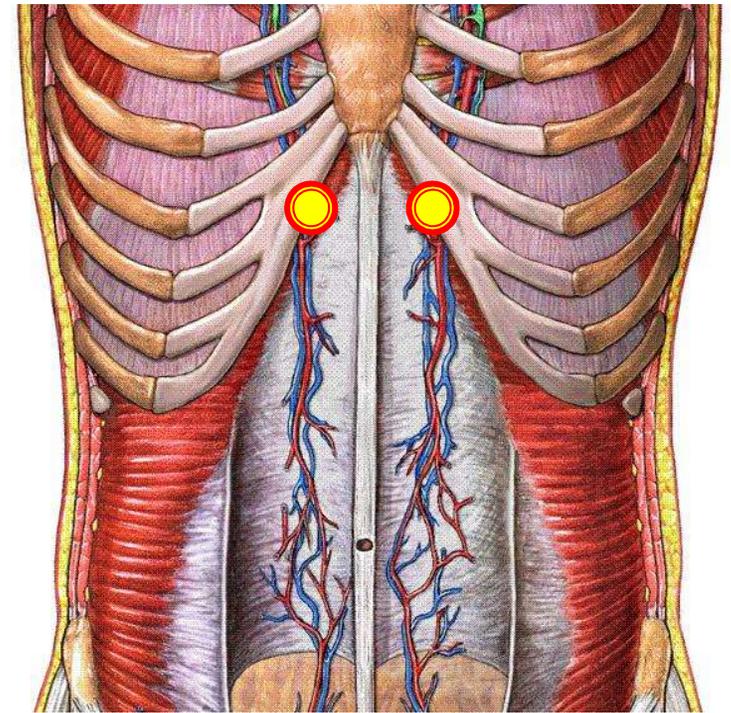

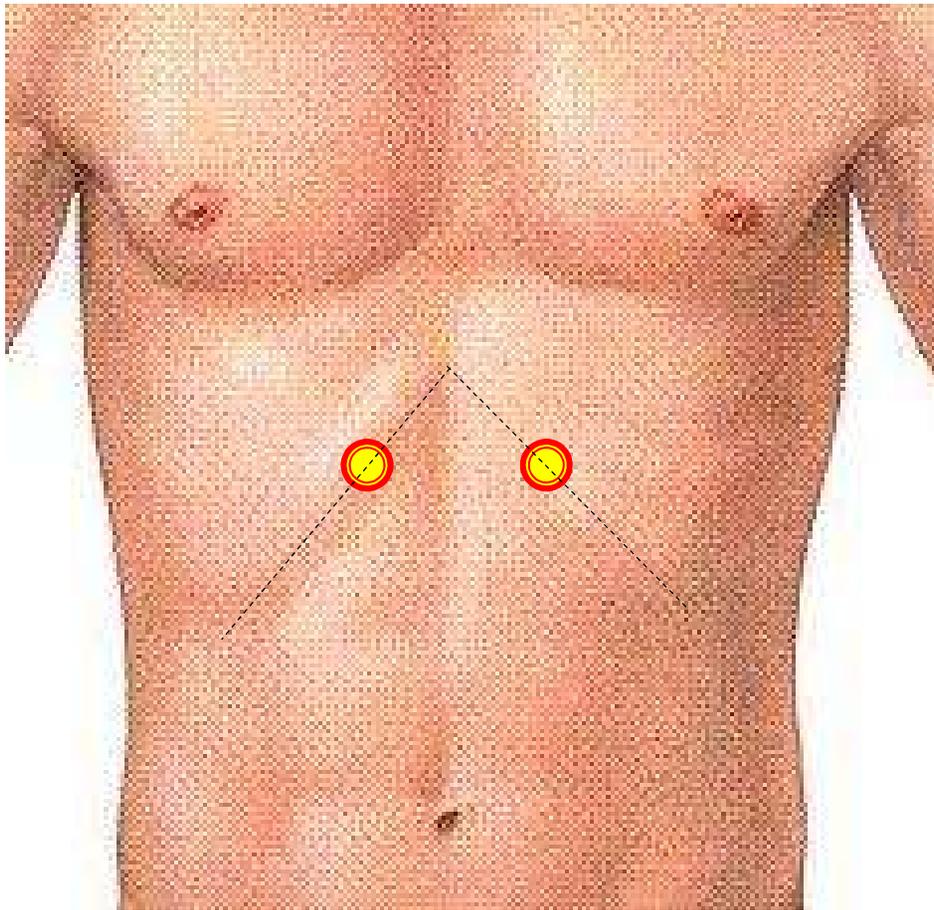

OMBLIGO

Nutricia (2)

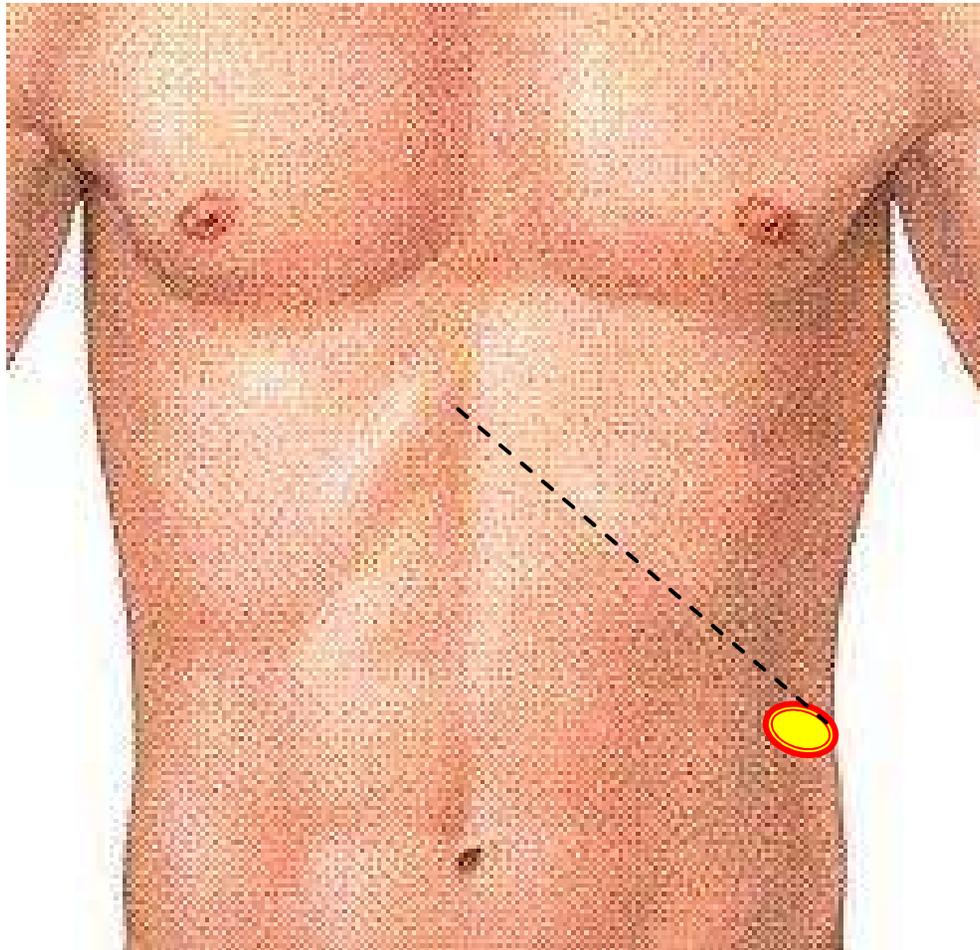

Arco Costal (2)

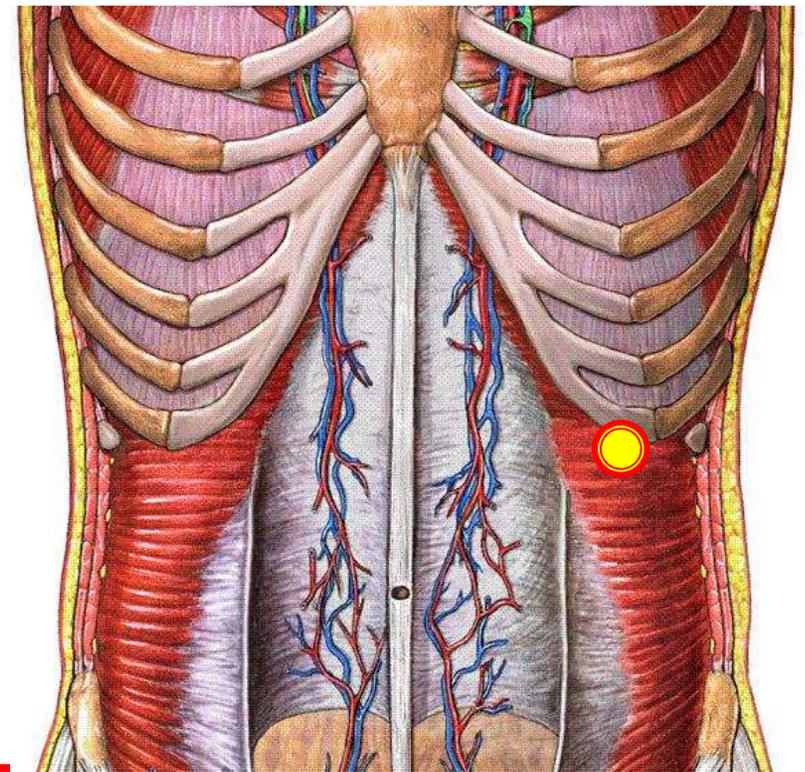

A los lados del
arco costal

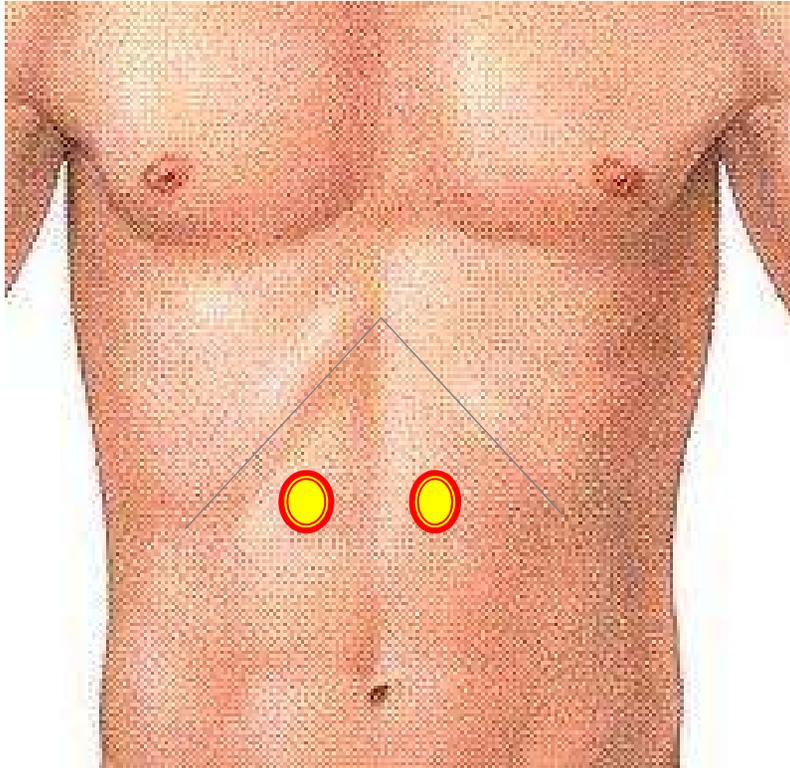

Costo Diafragmático (1)

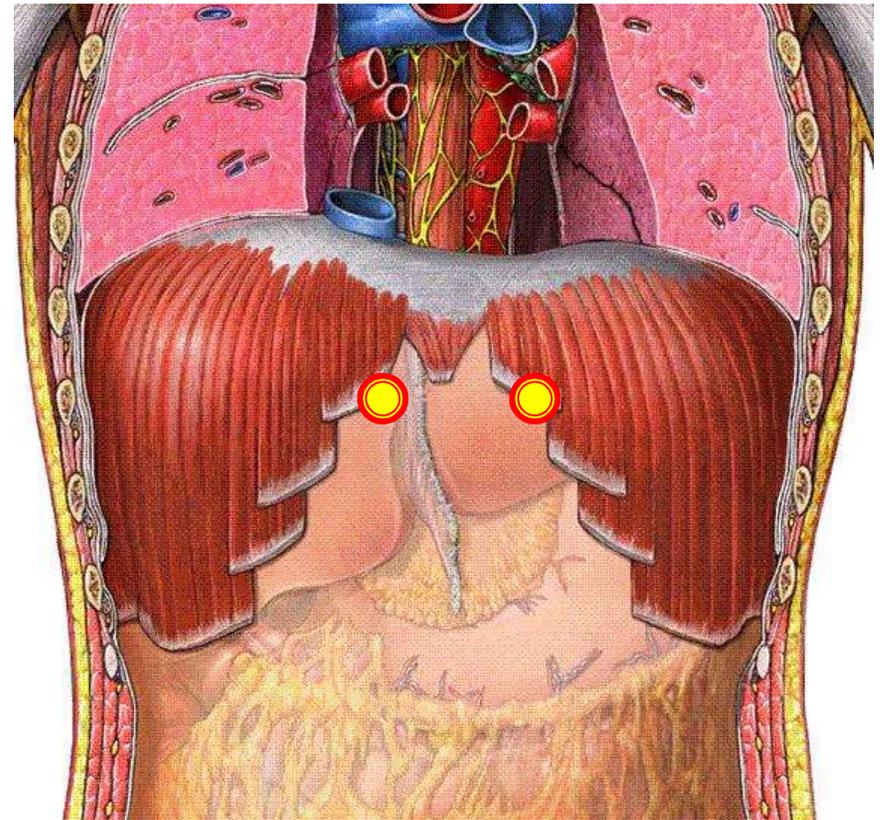

En el borde inferior arco costal izquierdo

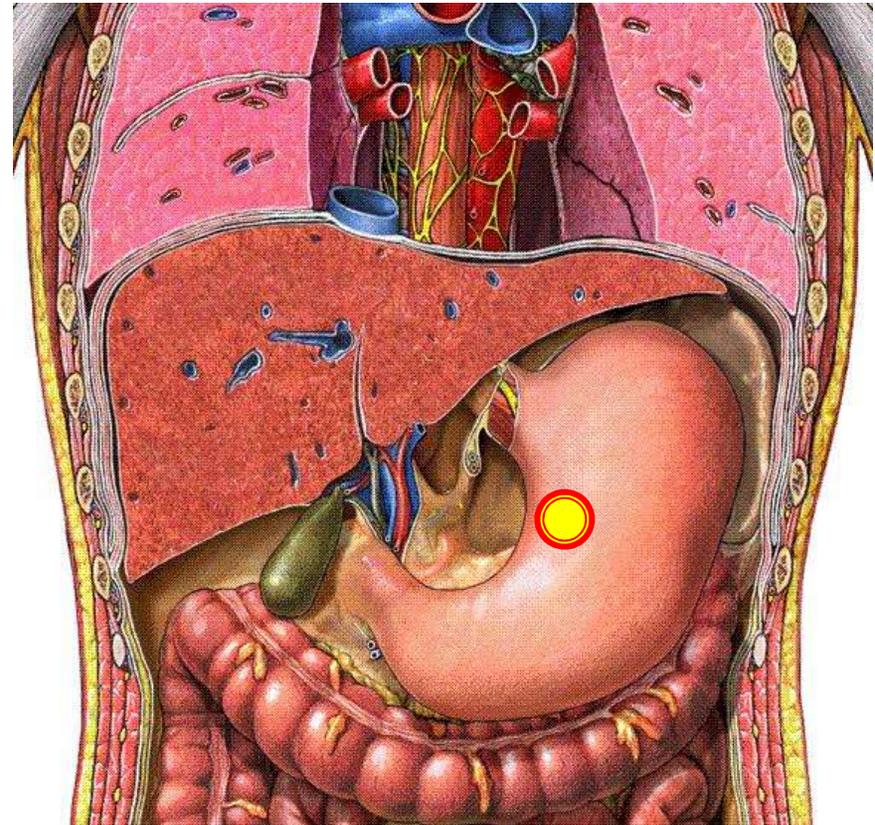

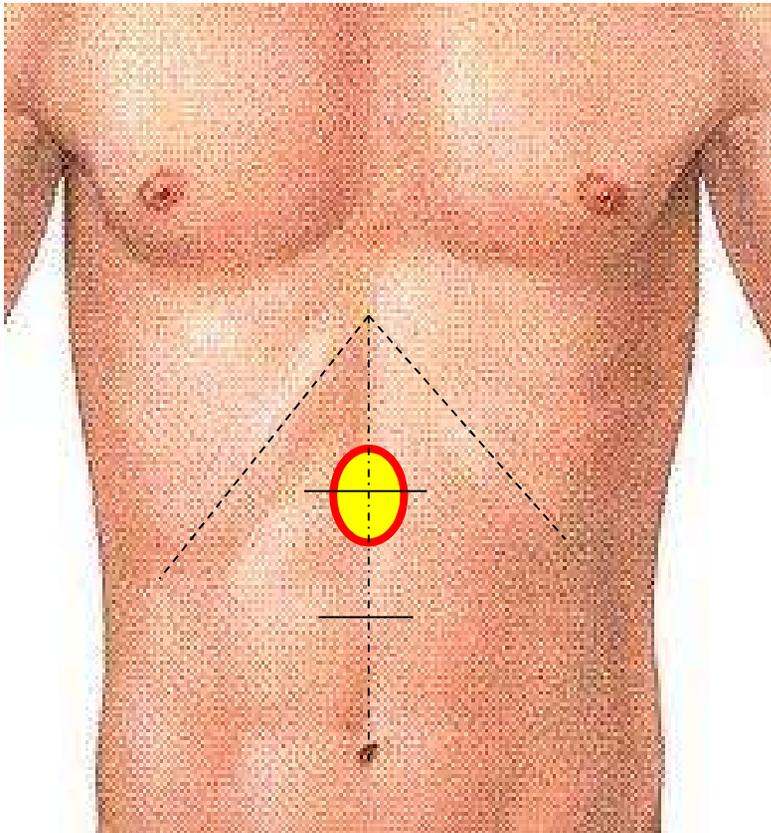

Diafragma (2)

En los cuadratos del abdomen, ambos lados

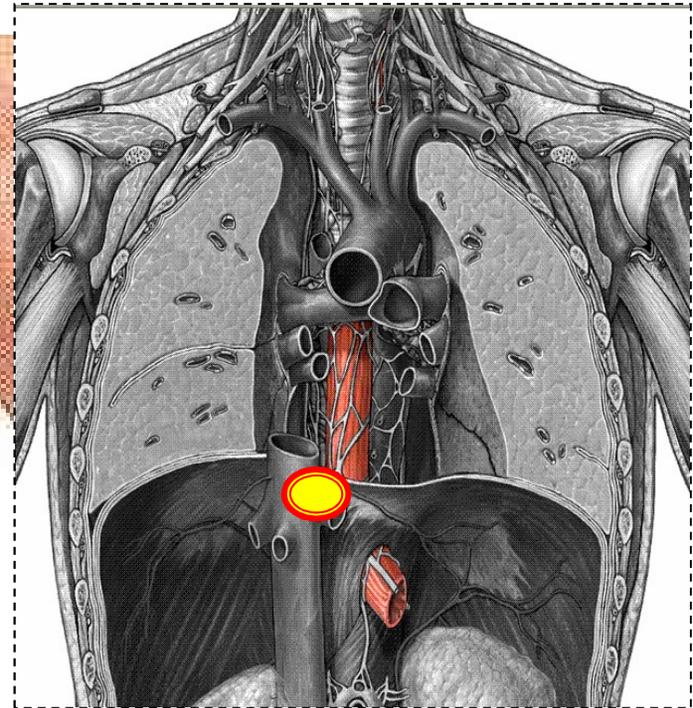

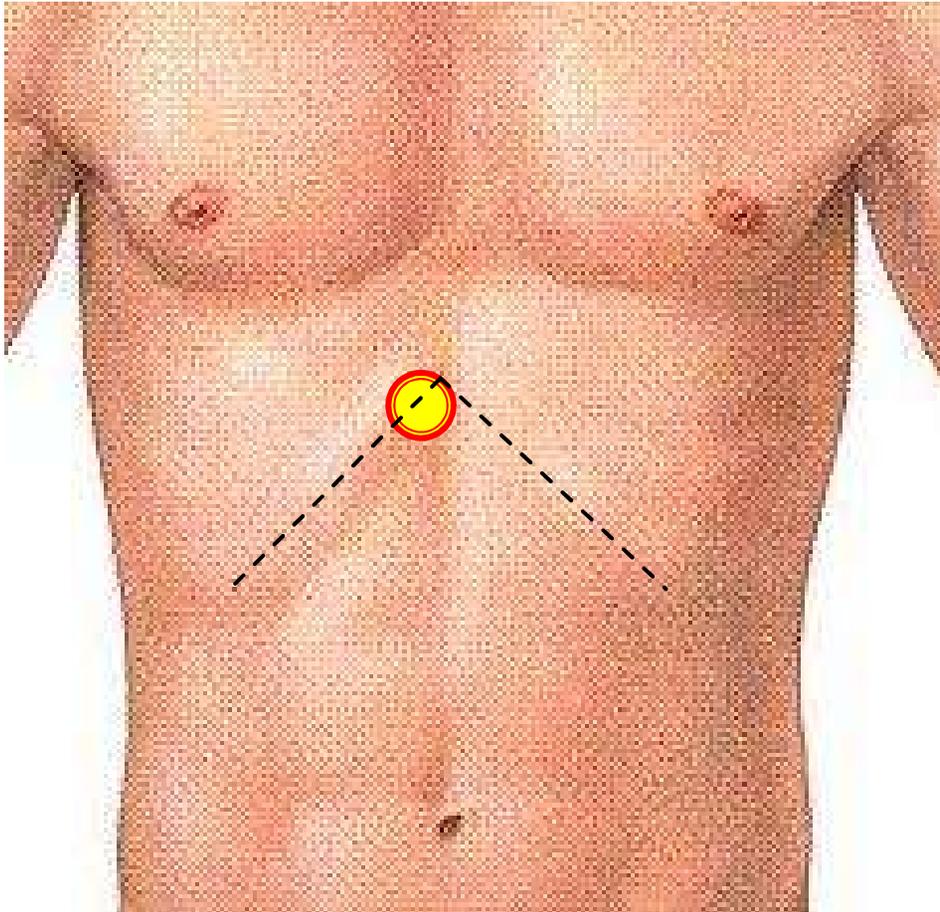

Estómago (1)

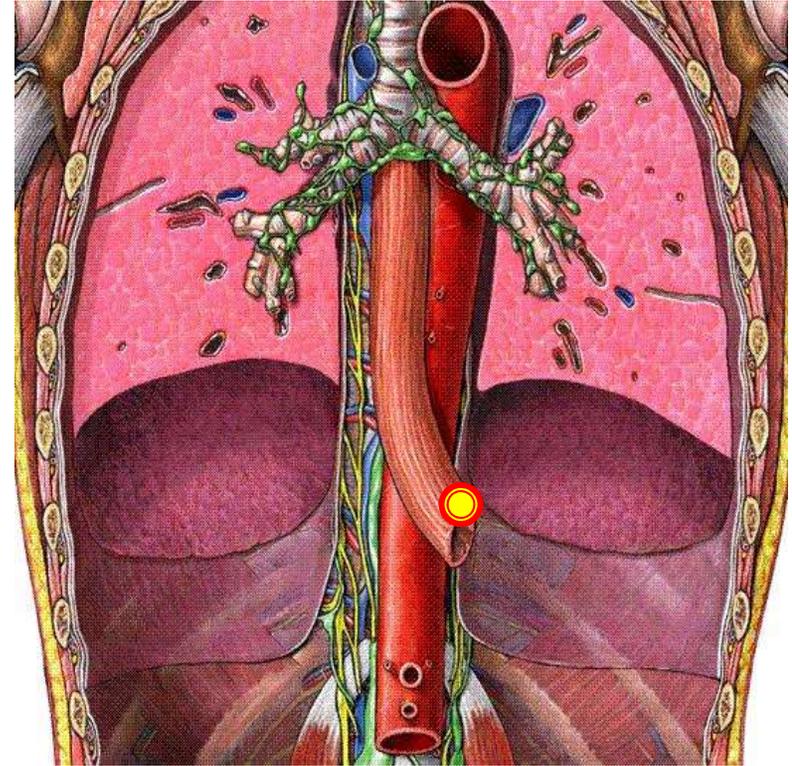

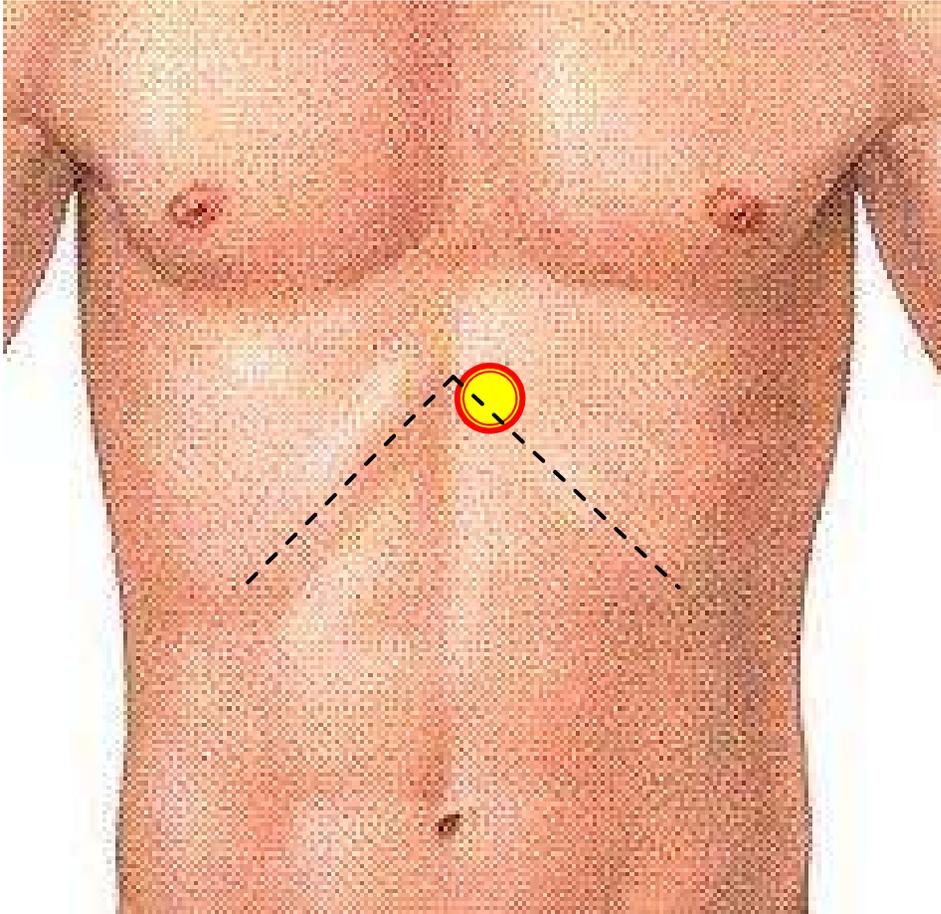

Debajo de la
Apéndice Xifoides

Hiato (1)

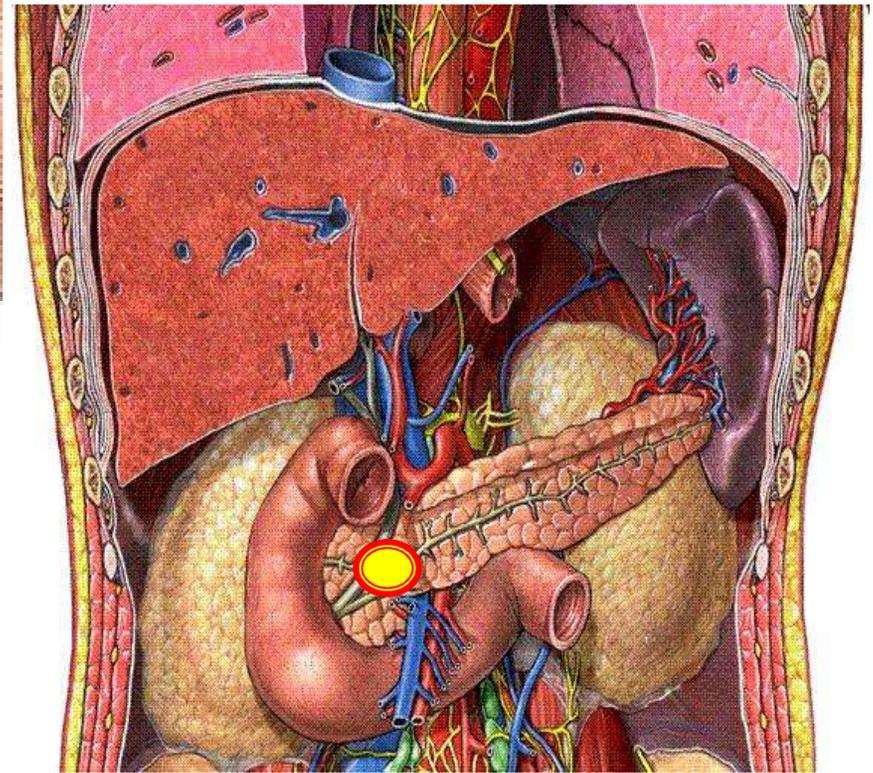

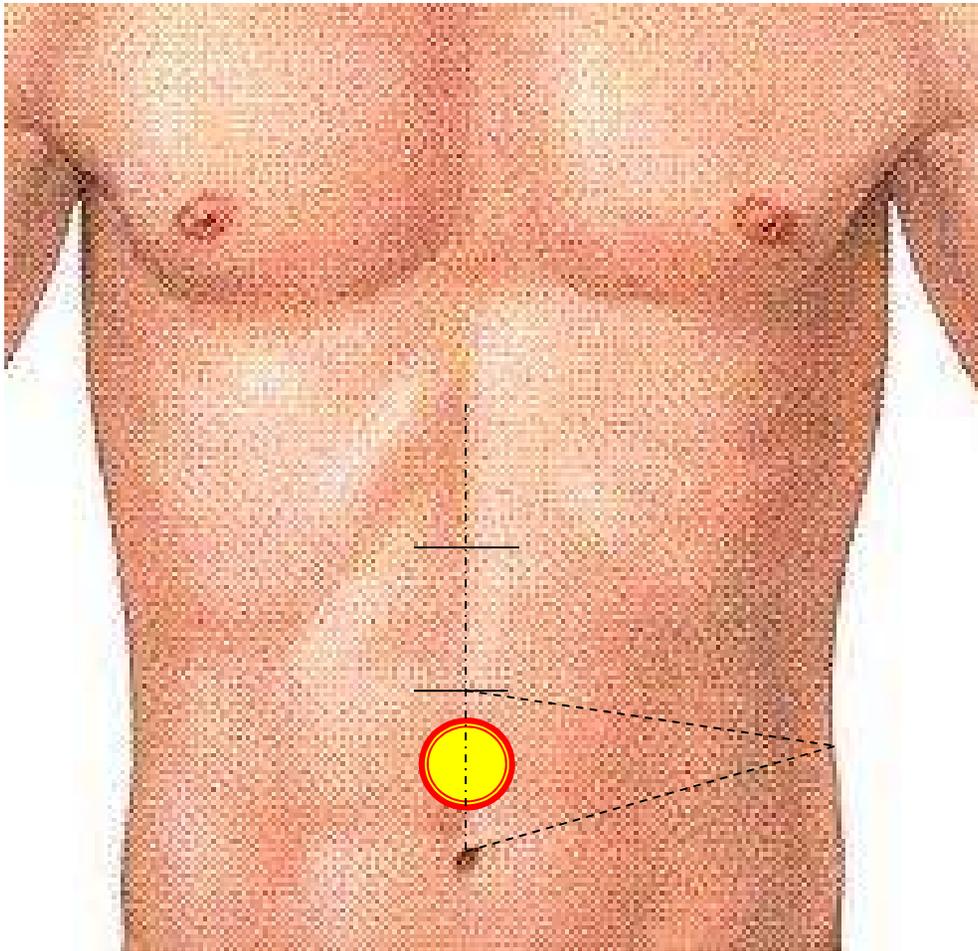

Arriba y al lado
derecho del estómago

Esófago (1)

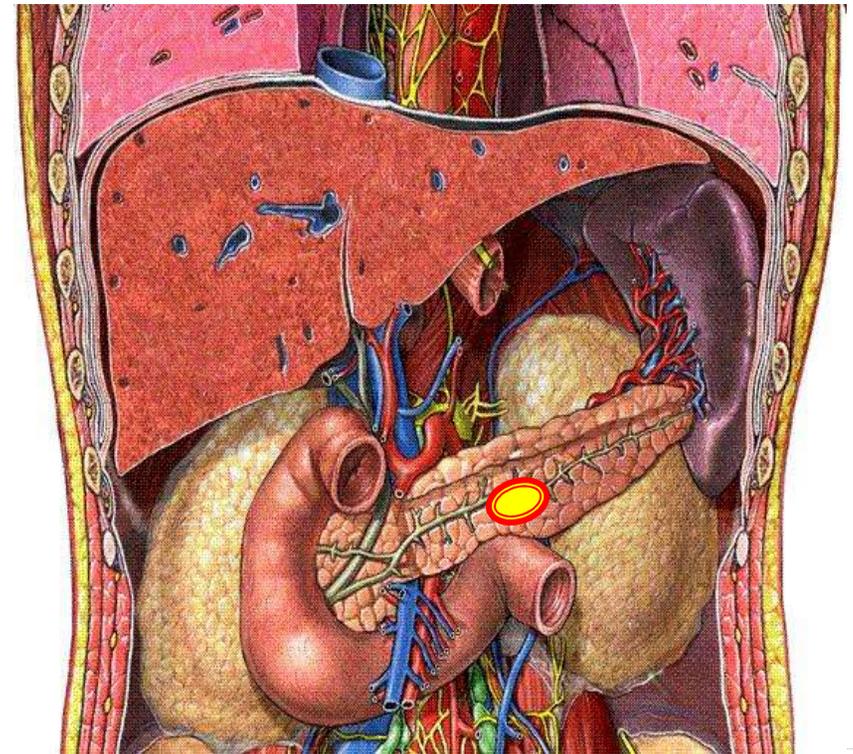

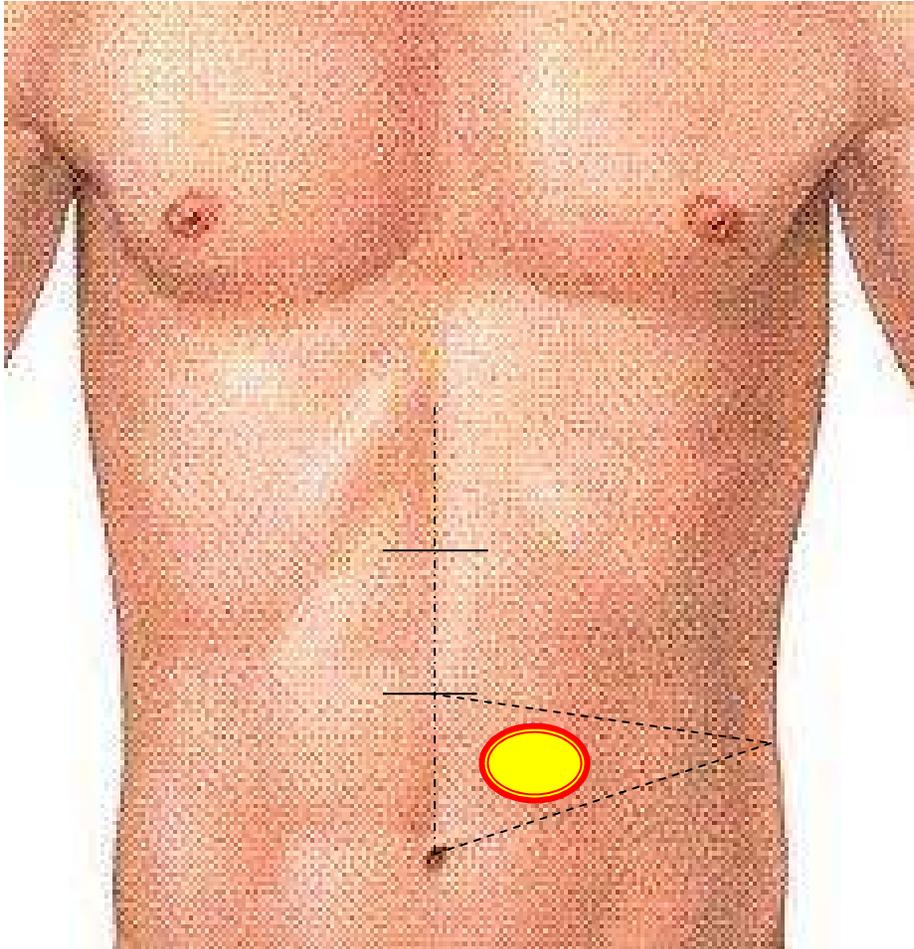

Arriba y al lado izquierdo del estómago

Cabeza de Páncreas (1)

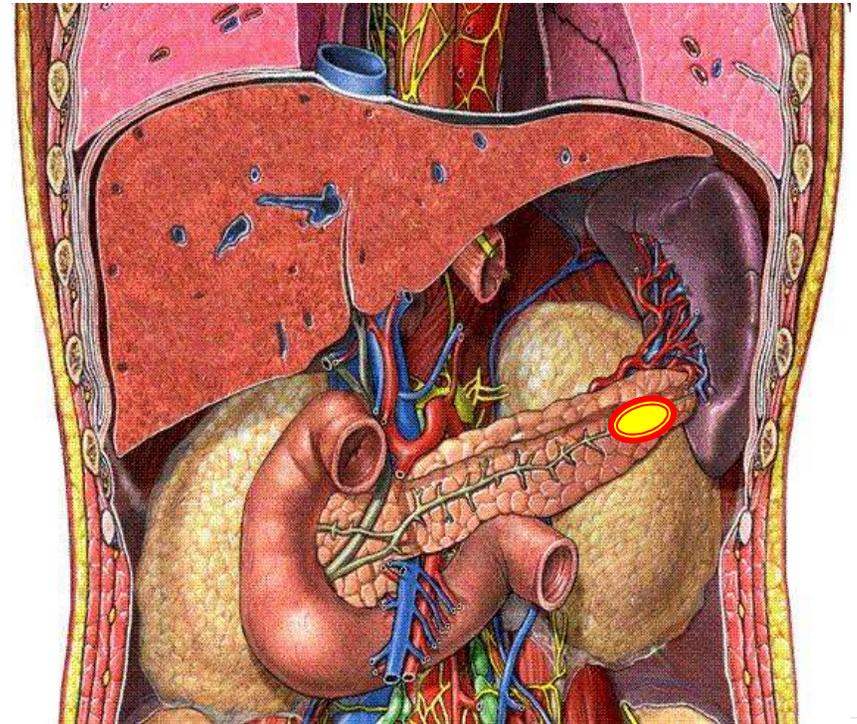

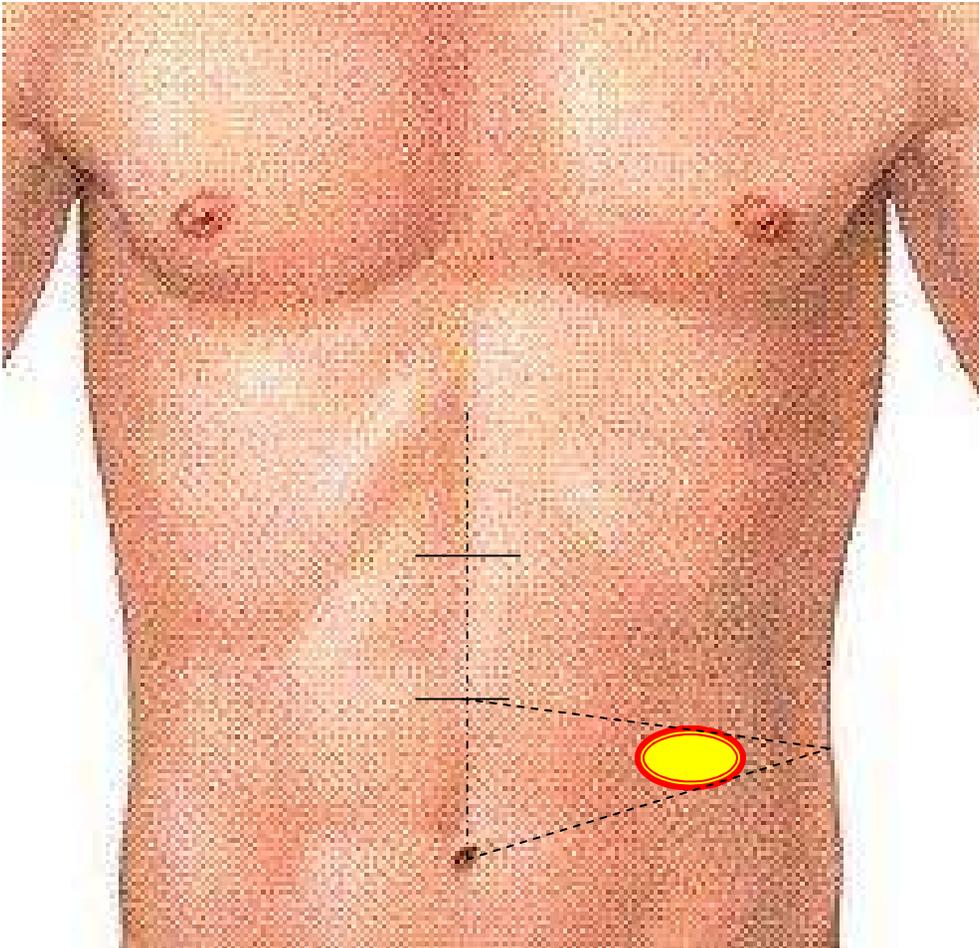

Sobre el ombligo,
línea media

Cuerpo de Páncreas (1)

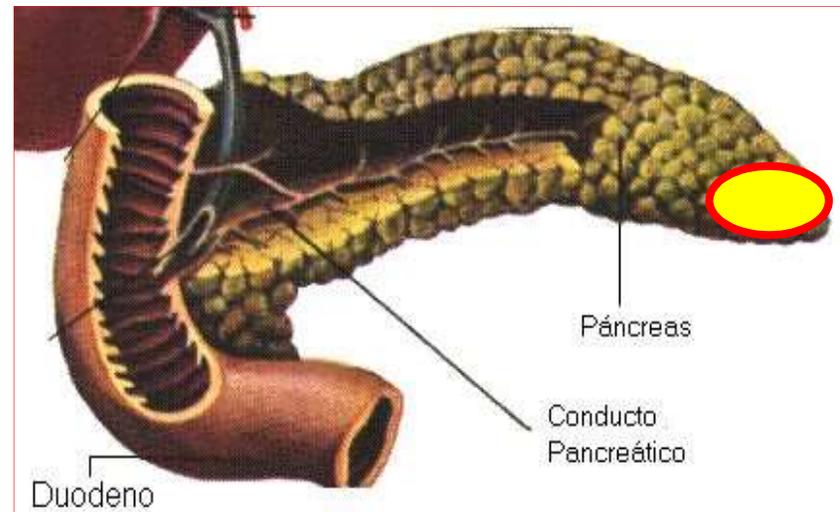

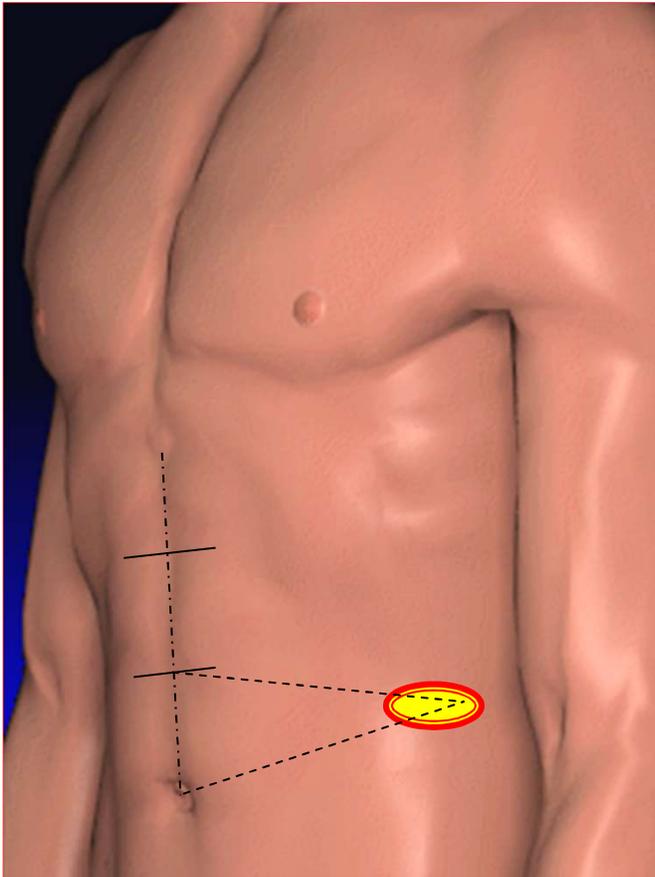

De cabeza de páncreas
a la izquierda

Cola de Páncreas (1)

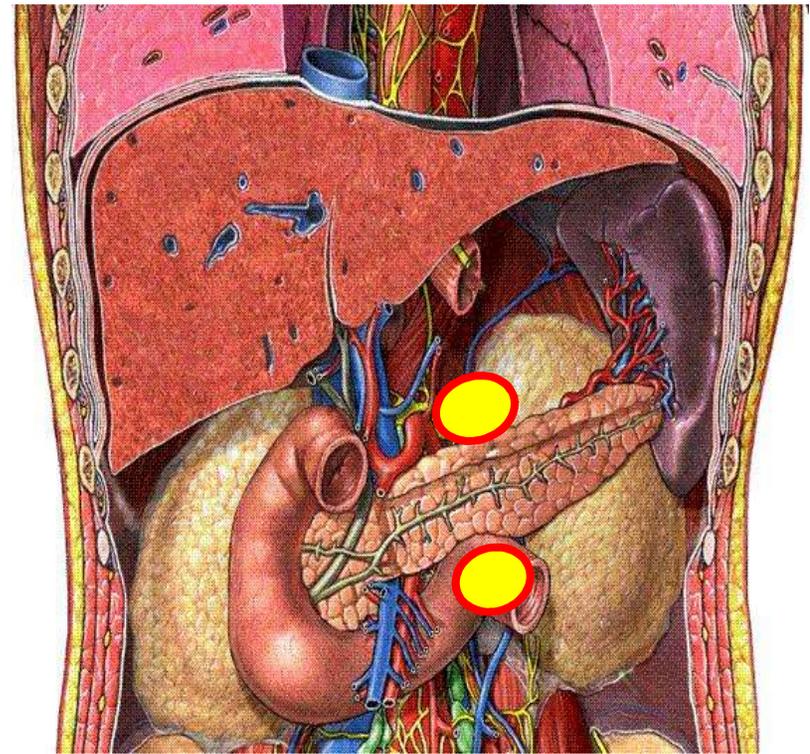

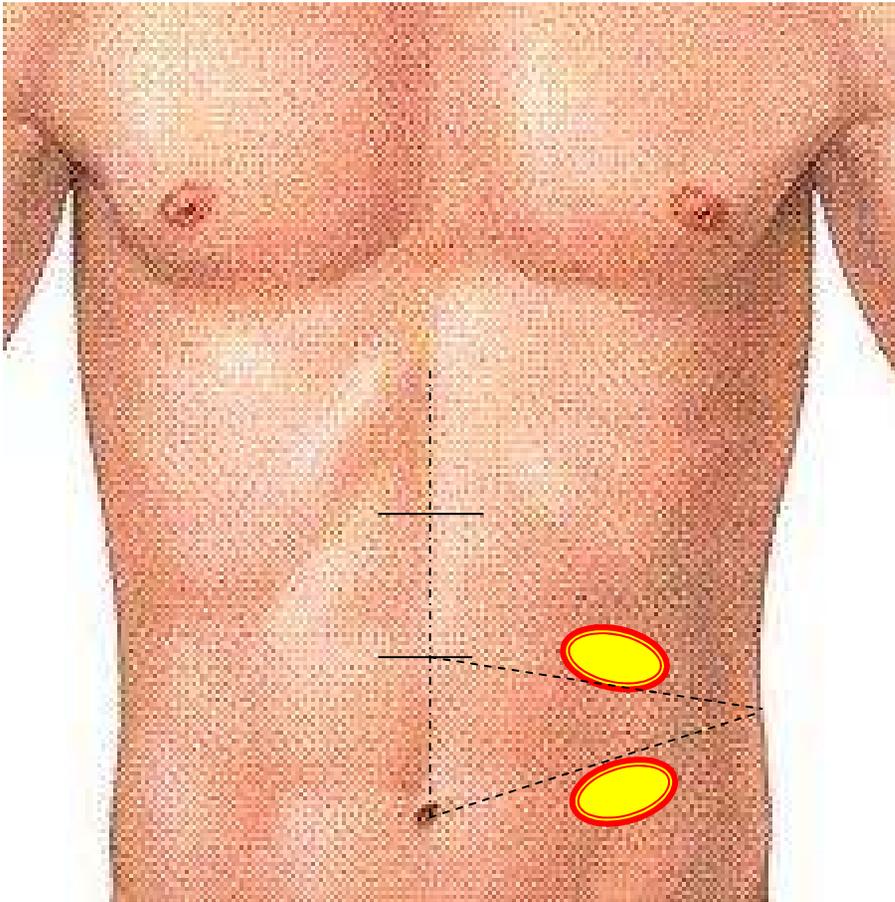

Más al extremo del
cuerpo de páncreas

Punta de Páncreas (1)

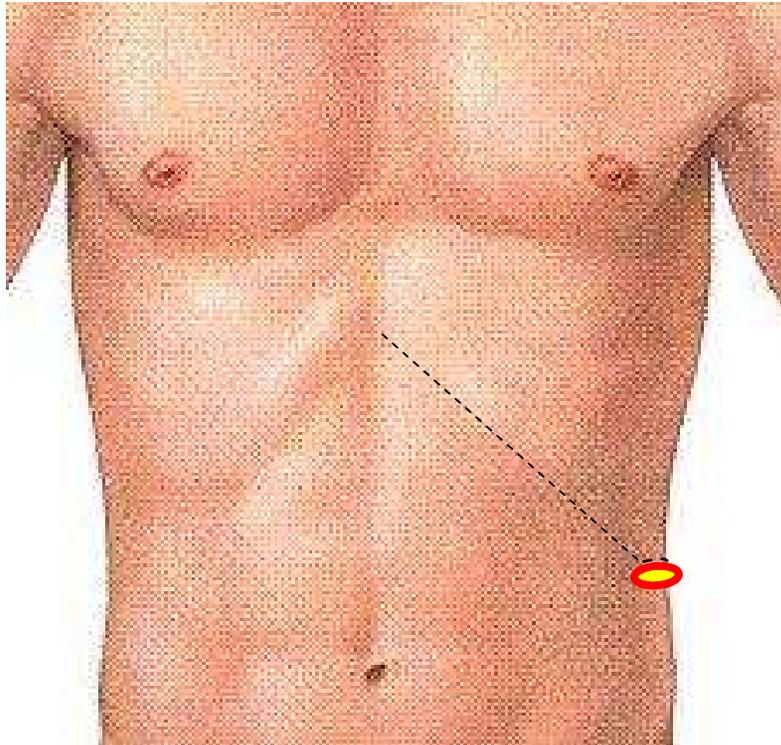

Para axilar borde
arco costal izquierdo

Peri-Pancreático (2)

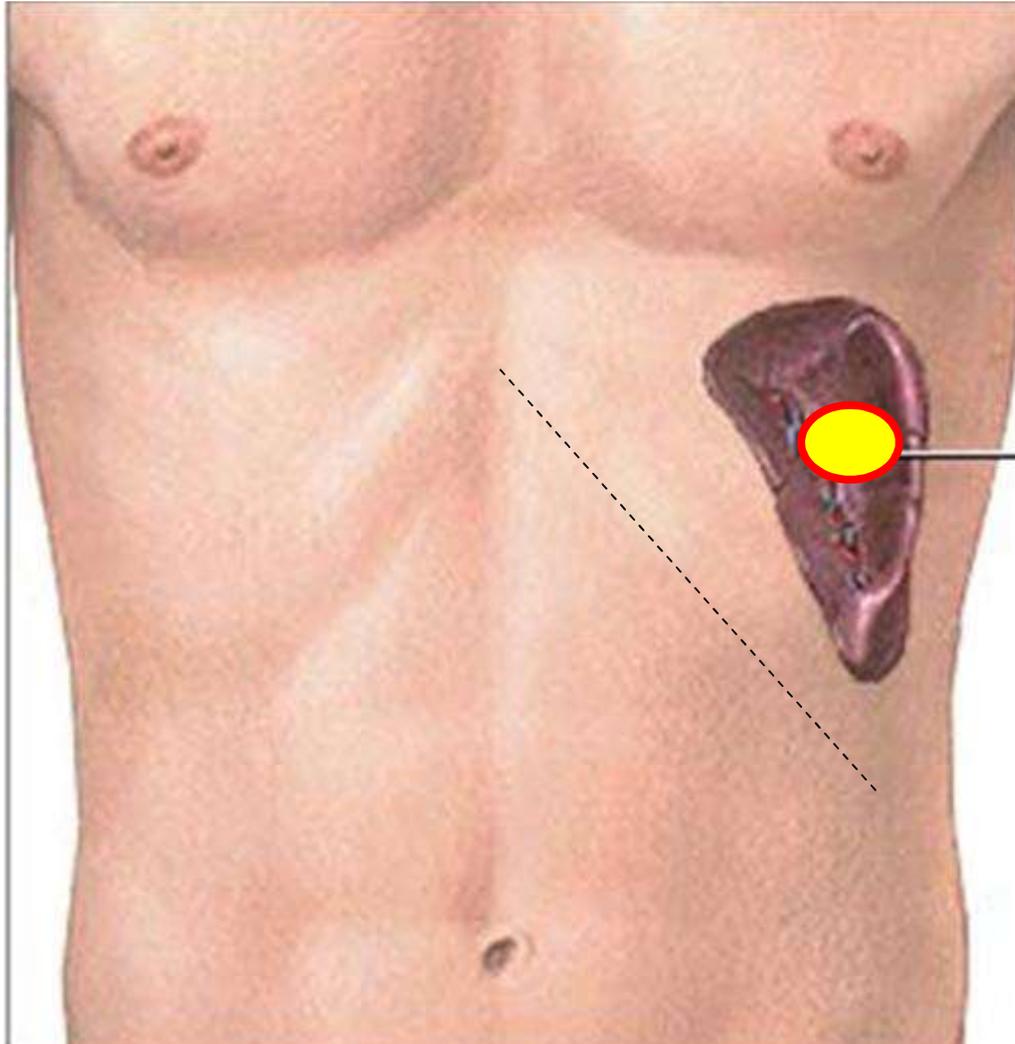

Por encima y por debajo
del cuerpo del páncreas

— Ligamento Pancreático (1)

Bazo (1)

En el punto anatómico
del bazo
